BAUME ANALGÉSIQUE BENGUÉ
To be applied externally for the relief of pain

DR. BENGUÉ, Paris
American Agents
THOS. LEEMING & CO.
NEW YORK
(See Adv. Page 5)

THE LAKE GENEVA SANITARIUMS

Comprising two separate Hospital-Sanitariums, having separate buildings and separate grounds as follows:

1. LAKESIDE SANITARIUM

2. OAKWOOD SPRINGS SANITARIUM

LAKESIDE

LAKESIDE SANITARIUM For medical and general sanitarium cases requiring special treatment. Lakeside comprises two buildings and grounds of ten acres charmingly situated on the shores of the lake. Its grounds are situated about one-half mile distant from those of Oakwood.

There is a fine bathing beach, affording pleasure and advantage to patients and guests. Every useful form of bath and hydropathic procedure is provided, together with gymnastic exercises, Swedish movement and massage.

Thorough clinical and laboratory diagnosis. Medicinal therapeutics. Serums and vaccines when indicated.

TO SAVE TIME when wishing to inquire concerning the admission of patients, physicians who refer patients to us are requested to call the superintendent or assistant by long distance telephone and direct the operator to reverse the charges.

When notified of the time of expected arrival in Lake Geneva, a carriage will be sent to the station to meet patients arriving.

FOR OAKWOOD SANITARIUM—see advertisement under Lake Geneva, Wisconsin.

In sending for booklet or further information, address

DR. OSCAR A. KING, Superintendent, LAKE GENEVA, WIS. Phone 59

or at private office, 7 W. Madison St., Cor. State St., Chicago, Ill. Phone Central 2508

HAHNEMANN MEDICAL COLLEGE AND HOSPITAL OF CHICAGO

INCORPORATED IN THE YEAR 1855

THE FIFTY-EIGHTH COLLEGE
YEAR OPENS SEPTEMBER, 1917

The Institution's past, present and future success is founded on:

FIRST. An endowment of nearly a million dollars.
SECOND. Every Graduate is guaranteed a hospital appointment.
THIRD. The scientific work is thorough and practical
FOURTH. The **art of medicine** is taught in its every branch.
FIFTH The College has twelve paid instructors.
SIXTH. A thoroughly equipped diagnostic laboratory for the senior class.
SEVENTH. Fourth year students **practice medicine** under competent instructors.
EIGHT. The Demand for Homeopathic physicians is far in excess of the supply.

For additional information address the College office.

JOSEPH P. COBB, M. D., Dean.
RICHARD H. STREET, M. D., Registrar.

MEDICAL LAW OF INDIANA

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma was issued. Such application shall be accompanied by the affidavit of two freeholders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said board shall be liable on his bond for damages in the sum of twenty-five dollars ($25). Such applicant shall pay to said board the sum of ten dollars ($10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July 11, 1899, obtain a certificate that they are entitled to do so by presenting to the State Board of Medical Registration and Examination the license possessed by them at the time of the passage of this law, together with an affidavit that they are the legal possessors of the same, and the persons mentioned therein, and such applicant shall pay to the board the sum of one dollar ($1) at the time of making such application. The board shall thereupon issue to such applicant a certificate, which, when presented to the County Clerk of the proper county, shall entitle the holder to a license to practice medicine, surgery and obstetrics in the State of Indiana. In the event an applicant for a certificate from the State Board of Medical Registration and Examination shall present a diploma from a medical college which is not recognized as maintaining a sufficiently high grade or standard of medical education as defined and fixed in the records of the board, the applicant shall have the privilege of being examined as to his qualifications to practice medicine, surgery and obstetrics in such manner as the board shall provide, and if he shall pass an examination satisfactory to the board he shall receive a certificate, the same as if he had presented a satisfactory diploma and other evidences and qualifications for the practice of medicine. But if he should fail to pass such examniation he shall be permitted to submit to another examination within twelve months from the time of the first examination. He shall pay to the State Board of Medical Registration and Examination the sum of twenty-five dollars ($25): Provided, however, That payment of said sum of twenty-five dollars ($25) shall entitle him to a re-examination in case of failure at the first or any subsequent examination; And provided, further, That if such applicant shall fail to pass the examination prescribed by such Board of Medical Registration and Examination, he shall have the right to an appeal to the Circuit or Superior Court of the proper county, requiring such board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Indiana, upon the applicant giving a good and satisfactory bond to be approved by the court, to secure all costs of suit should the appeal be determined against him. Upon the receipt of the certificate by the applicant from the State Board of Medical Registration and Examination, the applicant shall, upon the presentation thereof to the Clerk of the County in which he resides, receive from the County Clerk a license to practice medicine, surgery and obstetrics within the State of Indiana. The person receiving such license shall pay to the County Clerk fifty cents ($0.50) as his fee for issuing and recording such license as hereinafter provided. In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, in the same manner as provided for on the presentation of his certificate from the State Board of Medical Registration and Examination, and the Clerk shall issue him a new license. (As amended March 3, 1899, Acts 1899, p. 247.)

Sec. 3. It shall be the duty of the Clerk of the County in which an applicant resides to issue to the person presenting such certificate, as hereinbefore provided for, a license under his official seal in the following form:

State of Indiana, County of..............................ss. :

I, ...Clerk of the Circuit Court of.................. County, in the State of Indiana, do hereby certify that.............................. has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics in the county and State aforesaid.

Witness my hand and seal of said Court this............day of............19....

..................................Clerk.

The County Clerk shall enter of record the name, age, place of birth, address, school or system of medicine to which said applicant belongs, and the person so registering shall subscribe to and verify by oath before such Clerk an affidavit concerning such facts, which, if wilfully false, shall subject the affiant to conviction for perjury. The County Clerk shall furnish annually, on the first day of January, to the State Board of Medical Registration and Examination, upon blanks furnished by said board, a duplicate list of all certificates received and licenses issued by him during the preceding year, and shall include therein the date of issue of said license, and the name, age and residence of the person receiving the same.

Sec. 4. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Indiana to appoint a State Board of Medical Registration and Examination, composed of five (5) members, who shall serve, two for one year, one for two years, one for three years and one for four years; and their successors for a term of four years each. No school or system of medicine shall have a majority representation on such board. Said board shall be non-partisan, and not more than three shall be members of any one political party. The Governor shall select members of said Board of Medical Registration and Examination from reputable physicians in this State who are graduates of any college of medicine of good repute: Provided, That no professor or teacher in a medical college shall be appointed as a member of such board: Provided, further, That each of the four schools or systems of medicine having the largest numerical representation in the State shall have at least one representation on said board. Should a vacancy occur in said board by death, resignation, removal, or otherwise, then it shall be the duty of the Governor to fill the vacancy from the school or system entitled to representation by virtue of such vacancy. The Governor shall have power to remove any member of said board for incompetency, gross immorality, for any abuse of his official power, or for other good cause, and may fill any vacancy thus occasioned by appointment. Any person appointed to fill any vacancy on such board, whether occasioned by death, resignation, removal or otherwise, shall hold for the unexpired term of the member whose place he is appointed to fill.

Sec. 5. It shall be the duty of the members of the State Board of Medical Registration and Examination to meet in the city of Indianapolis within thirty days after their appointment, and organize by the election of a president, secretary and treasurer, who shall serve until the second Tuesday in January following, and their successors shall be elected on the second Tuesday in January annually thereafter. The said board shall hold regular meetings on the second Tuesday in January and July of each year, and as often in addition as may be necessary for the transaction of such business as may properly come before it under the provisions of this act, and shall have power to make all necessary rules and regulations for the transaction of its business.

For their services the members shall receive the sum of six dollars ($6) per day, and their traveling expenses necessarily incurred in the attendance upon the business of said board. It shall be the duty of the secretary of said board to keep a record of all applications for certificates, and such record shall contain all the facts set forth in such application, including the action of the board thereon, and shall execute all orders of said board, and the secretary shall have for such service the sum of two hundred and fifty dollars ($250) per annum, to be paid from the funds of said board, and said board may employ a clerk, and fix his salary at not more than five hundred dollars ($500) per annum.

It shall be the duty of the treasurer of said board to pay quarterly all moneys received by the board to the Treasurer of State, which moneys shall be credited to a separate and permanent fund for medical registration and examination, which is hereby created. All moneys so paid to the Treasurer of State shall remain and be a separate and permanent fund for the maintenance of the said Board of Medical Registration and Examination. The said board shall, by its president and secretary, from time to time, certify to the Auditor of State the necessary expenses incurred by the said board, including salaries and per diem of the members, and the Auditor shall issue his warrant for the same, which shall be paid out of the fund so established for the maintenance of the said board: Provided, That no order shall be drawn by any State official on any fund other than the above named fund for any salaries of the board incident to the administration of this act.

The treasurer and secretary of said board shall each give bond in the sum of five thousand dollars ($5,000), with sureties to be approved by the Governor, which bonds shall be filed with the Auditor of State. The members of the State Board of Medical Registration and Examination are authorized to administer oaths in matters relating to the discharge of their official duties The State Board of Medical Registration and Examination is charged with the duty of enforcing this act, and it shall be the duty of the Prosecuting Attorney, upon the complaint of the board, to prosecute any violation of this act.

It shall also be the duty of the grand jury of the proper county to investigate all violations of this act and return indictments therefor in proper cases, and it shall be the duty of the Prosecuting Attorney to prosecute violations of this act by information whenever a proper affidavit is filed by any one, as in other cases of violations of the law; or to prosecute offenders before the Justice of the Peace in proper cases.

The State Board of Medical Registration and Examination shall, from time to time, establish and record in a record, kept by them for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice medicine, surgery and obstetrics, before they shall be entitled to receive such license. The said board shall also, in like manner, establish and cause to be recorded in such record a schedule of the minimum requirements and rules for the recognition of medical colleges, so as to keep these requirements up to the average standard of medical education in other States. After the year 1897 no change shall

The CHARLES B. TOWNS HOSPITAL
293 Central Park West, NEW YORK CITY
For the Medical Treatment of Drug and Alcoholic Addiction by Scientific Hospital Methods.
Hydro-Electric Department of Unusual Completeness

be made in such schedule of requirements in any year after the month of January of such year, nor shall any change be made to have any retroactive effect, or that shall affect students theretofore matriculated. Such record shall be at all times open to examination by the public, and the said schedule of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form, and mailed to all medical colleges in the State and shall also be furnished to any person upon application. Said board shall not, in the establishment of the aforesaid schedule of requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems or schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the State.

It shall have power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States, and to prevent unjust and arbitrary exclusions by other States or graduates in medicine from this State who have fulfilled its requirements. When an application for a certificate is made, and a diploma submitted, as herein provided, it shall be the duty of the State Board of Medical Registration and Examination to determine upon the evidence presented, whether such diploma rightfully belongs to and was issued to the person making application for a certificate, and whether the medical college that issued the diploma maintains a standard of medical education conforming to that fixed by the State Board of Medical Registration and Examination, and whether the application otherwise complies with the rules of the board.

If these facts are shown by competent evidence, it shall be the duty of the State Board of Medical Registration and Examination to issue a certificate, signed by its president and secretary, and under its official seal, stating that the person applying for such certificate and possessing such diploma is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana. Provided said application shall be filed prior to January 1, 1905: And provided, further, said applicant shall have, prior to January 1, 1901, matriculated in a reputable medical college in Indiana, maintaining a standard of medical education conforming to that fixed by said board, and shall have graduated from said college and received his diploma therefrom, prior to January 1, 1905. Except, as last above provided, no certificate shall be issued to any person whomsoever until he shall have satisfied the said board that he has graduated at a reputable medical college as in this section set forth, maintaining a standard of medical education as above prescribed, and shall have passed before said board a satisfactory examination as to his qualifications to practice medicine, surgery and obstetrics. Such examination shall be had upon payment of the same fees and upon the same terms and conditions as are provided in section 1 of said act, approved March 8, 1897, but the applicant shall have the right to designate, in writing, at the time he files his application, the member of the board who shall conduct his first examination in materia medica, therapeutics, theory and practice of medicine, surgery, obstetrics and gynecology.

The board at its discretion may authorize the secretary to issue a temporary permit to an applicant for the interim from date of application until the next regular meeting of the board. The Board of Medical Registration and Examination shall have the right to review the evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the board may revoke such license. The board (may) refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery.

If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts or shall have procured a certificate or license by fraud or misrepresentation, said board may, after notice and hearing, revoke any license which has heretofore been or may hereafter be issued to him, together with the certificate upon which such license has been or may be issued.

A specific written charge, verified by affidavit, must be presented to the board, making definite and specific charges of such facts against the holder of such license. The board shall thereupon fix a time and place for the hearing of such charges, at which the person charged may appear and defend against the same. A copy of such charges, together with a notice of the time and place fixed for the hearing, shall be served upon the person so charged at least twenty (20) days before the time set for the hearing of the same. If, after such hearing, the board revokes such certificate and license, such order shall be by said board entered upon its record. A copy of such order of revocation, certified by the secretary of such board, shall be by it at once delivered to the Clerk of the Circuit Court of the county in which such license was issued, and such Clerk shall record the same upon the margin of the record of such license. If the board shall refuse to grant a certificate for any of the reasons above stated, it shall enter such refusal upon its records, together with a statement of the grounds for such refusal. An appeal may be taken from the action of the board to the Circuit or Superior Court of the county in which such license was issued in case of revocation, and to the county where the applicant lives in case of refusal of a certificate, upon the licensee or applicant filing with the Clerk of such court, within thirty days from the entering of such order of revocation or refusal by said board, a good and sufficient bond in the sum of two hundred dollars ($200), to be approved by said Clerk, to secure the payment of costs of such appeal, should the appeal be determined against him. It shall thereupon be the duty of such Clerk to notify the said board of the filing of such bond, and said board shall thereupon forward to said Clerk the charges, together with a copy of the order of revocation, where there has been a revocation, or the application for a certificate and a copy of the order of refusal where there has been a refusal to grant a certificate. The Clerk of said court shall thereupon docket the same as a cause pending in said court. Said verified charges shall be treated as a complaint. The accused may plead to said charges and issues may be formed thereon as in any civil case, and the same shall thereupon be tried by the Judge of the Circuit Court. It shall be the duty of the Prosecuting Attorney of the circuit to which said county belongs to appear in such case and represent the board. The only finding and judgment in such

THOS. LEEMING & CO.
NEW YORK
(See Adv. Page 5)

cases shall be "Guilty" or "Not guilty," the same to be rendered separately as to each of the charges. If the finding and judgment of the court be "Not guilty" as to each of said charges, the same shall be by the Clerk of said court certified to said board, and it shall thereupon make an order setting aside its order of revocation, and forward to the Clerk of said court a certified copy thereof, which shall be entered upon the margin of the record of said license. If judgment of "Guilty" of any of said charges be awarded in said case, the costs of such proceedings shall be recovered of the accused and a fee of ten dollars ($10) shall be taxed therein in favor of the Prosecuting Attorney, and the order of revocation made by said board shall be and remain in effect. During the pendency of such appeal the accused shall not be entitled to practice by virtue of such license. Where the appeal is from a refusal to grant a certificate, the same shall be heard upon the application and certified copy of the order of refusal without any other issues; the same to be tried by the Judge of said court, who shall, upon his finding, enter a judgment that the license shall or shall not be issued as the facts may require, and upon such order the Clerk of such court shall issue the proper license showing therein the authority by which it is issued, and shall report the same to the State Board. The Prosecuting Attorney shall represent the board in such appeal, and if the court shall refuse the license, judgment shall be entered against the applicant for costs, including ten dollars ($10) fee for the Prosecuting Attorney. Appeals from the judgment of said court may be prosecuted to the Supreme Court as in other civil cases, either by said board in its own name or by the applicant or holder of such license or certificate, where the judgment may be against him. No fees other than the fees of its own witnesses shall be taxed against said board in any event. Where the applicant shall appeal from a refusal to grant a certificate, the cause shall be docketed in the name of the applicant against the State Board of Medical Registration and Examination. Where the license or certificate shall have been revoked, the cause shall be entitled The State Board of Medical Registration and Examination, against A B (the holder of the license). (As amended March 11, 1901.)

This section has been twice construed by the Supreme Court.

State v. Webster, 150 Ind. 607;

In re Application of Eliza E. Coffin, 152 Ind. 439.

Sec. 6. All persons practicing midwifery in this State, and who have practiced it for ten years last preceding March 8, 1897, and desiring to continue the same shall on or before July 11, 1899, make application to the State Board of Medical Registration and Examination by submitting an affidavit, fully attested, giving the name, age, residence, the length of time during which, and the place or places at which the applicant has been engaged in such practice, and the special education, if any, which the applicant has received for such practice. Such application shall be accompanied by the affidavits of two freeholders, duly attested, that the applicant is known to them as the person applying for a certificate to practice midwifery, and that such applicant has been engaged in the active practice of midwifery, giving the location or locations of such practice for the last ten (10) years previous to the passage of this act. Upon such application and the payment of one dollar ($1) the State Board of Medical Registration and Examination shall issue to the applicant a certificate which shall, when presented to the County Clerk, entitle the holder to a license to practice midwifery in this State. All persons desiring to enter upon the practice of midwifery in this State after this law goes into effect shall present to the State Board of Medical Registration and Examination their diplomas, duly attested, and procured from an obstetrical school of such standing as shall be recognized and determined by the board. Such applicant shall pay to said board the sum of five dollars ($5) at the time of making such application; or such applicant shall submit to an examination in midwifery as the board shall require, and pay a fee of ten dollars ($10). Such evidence of qualification being satisfactory to the board it shall issue a certificate entitling the holder to a license from the Clerk of the county in which the applicant resides, which license shall entitle the holder to practice midwifery in this State. The license thus issued shall conform to all requirements of registration imposed upon physicians' licenses in section two of this act and shall be subject to revocation for the same cause as provided in section five in case of license to physicians. (As amended March 3, 1899, Acts 1899, p. 252.)

Sec. 7. Nothing in this act shall be (so) construed as to discriminate against any school or system of medicine, or to prohibit gratuitous serviecs in cases of emergency, or to the administration of family remedies. This act shall not apply to any commissioned officer of the United States army, navy or marine hospital service in the discharge of his official duties; nor to any physician or surgeon who is legally qualified to practice in the State or Territory in which he resides, when in actual consultation with a legal practitioner of this State; nor to any physician or surgeon residing on the border of a neighboring State and duly authorized to practice under the laws thereof, whose practice extends into the limits of this State: Provided, That such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. This act shall not be construed to prevent medical students from practicing medicine and surgery under the immediate and direct supervision of a licensed physician for a limited period of two years: Provided, however, That the said student had not practiced medicine, surgery or obstetrics prior to the passage of this act; in the event the amount of time said student has practiced medicine, surgery or obstetrics shall be deducted from the said two years herein mentioned; and in no event shall the said student open an office or offer to engage in the practice of medicine, surgery or obstetrics. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall subject the offender to a fine of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200). (As amended March 3, 1899, Acts 1899, p. 253.)

Sec. 8. To open an office for such purpose or to announce to the public in any way, a readiness to practice medicine in any county of the State or to prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body, shall be to engage in the practice of medicine within the meaning of this act: Provided, That nothing in this act shall be construed to apply to or limit in any manner the manufacture or sale of proprietary medicines. It shall also be regarded as practicing medicine within the meaning of this act, if any one shall use in connection with his or her name the words or letters "Dr." "Doctor," "Professor," "M. D." or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches: Provided, That this act shall not be construed to apply to nonitinerant opticians who are at this time engaged in, or who may hereafter engage in the practice of optometry in this State, nor to professional or other nurses. In charging any person in an affidavit, information or indictment with a violation of this law by practicing medicine, surgery or obstetrics without license, it shall be sufficient to charge that he did, upon a certain day and in a certain county, engaeg in the practice of medicine, he not having any license to so do, without averring any further or more particular facts concerning the same. (As amended March 11, 1901.)

Sec. 9. Any person who shall practice medicine, surgery or obstetrics in this State without having a license duly issued as hereinbefore provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars ($25) nor more than two hundred dollars ($200).

Sec. 10. All laws and parts of laws in conflict with this act are hereby repealed, and also an act entitled "An Act regulating the practice of medicine, surgery and obstertics, providing for the issuing of license to practice, defining certain misdemeanors and providing penalties," approved April 11, 1885, and all amendments thereto be and the same are hereby repealed.

Additional Sec. 3. Three thousand (3,000) copies of the annual report of the Board to the Governor shall be printed in the same manner as the report of the State Board of Health; and the printing and stationery of the Board shall be paid out of the printing fund. (Added in 1899 and amended March 11, 1901.)

Additional Sec. 4. The said board may grant limited certificates which shall authorize the proper clerk to issue to the holder thereof a license to practice osteopathy only. Such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in materia medica, nor shall the college from which he presents a diploma be required to conform to the standard fixed by said board as to instructions in materia medica, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder thereof to administer or prescribe or use on one other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license: Provided, further, That any person now holding a diploma issued from any college of osteopathy in the United States, and (who) is (now) a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to said board and clerk and paying the fee required by this act.

This law is constitutional.

State v. Webster, 150 Ind. 607.

In an appeal from a decision by the board the State is the appellee and must be represented by the Prosecuting Attorney. The board is not a party to the appeal.

In re Application of Coffin, 152 Ind. 439.

In a prosecution under this law, it is sufficient to charge the offense in the language of the statute.

Eastman v. State, 109 Ind. 282;
Benham v. State, 116 Ind. 112.

The burden of proving the defendant was duly licensed to practice medicine is on the defendant.

Benham v. State, 116 Ind. 112.

In such prosecutions it is not necessary for the State to deny or prove exceptions made by the statute.

Ferner v. State, 151 Ind. 249.

Nor need the affidavit or indictment show that the State Board or any member instituted the prosecution.

Commonwealth v. Tobias, 141 Mass. 129;
Commonwealth v. Murphy, 147 Mass. 577;
Commonwealth v. Gay, 153 Mass. 211;
Commonwealth v. McDonnel, 157 Mass., p. 409;
Portland v. Rolfe, 37 Me., p. 402;
Stuart v. People, 42 Mich., p. 259.

STATE BOARD MEDICAL REGISTRATION—ADDITIONAL MEMBER

(Sec. 136. Approved March 4, 1905)

Section 1. Be it enacted by the General Assembly of the State of Indiana, That within sixty days after this law goes into effect it shall be the duty of the Governor to appoint an additional member of the State Board of Medical Registration and Examination, which board shall thereafter consist of six members, each of whom shall serve as heretofore for a term of office of four years, and until his successor shall have been appointed and qualified. The additional member so appointed shall be a reputable practicing physician and a graduate of a reputable school or college of the system by which he practices, and shall belong to some school or system of practice other than those which are now represented upon said board, and his successor shall in the future always be of some school different from that of the remaining members of the board: Provided, That any osteopathist now practicing in and a resident of the State of Indiana, and holding a diploma from a reputable college of osteopathy, as determined by the State Board of Medical Registration and Examination, shall be eligible to an examination on proper application to the said board, and should he pass this examination, that he shall be granted a certificate for a license forthwith to practice osteopathy in the State of Indiana.

MEDICAL REGISTRATION AND EXAMINATION—REVOKED LICENSE—RESTORATION

An Act Entitled "An Act to Authorize the State Board of Medical Registration and Examination to Restore a Licensed Physician to his Former Rights Under His License, Where His or Her License has been Revoked by the Board."

(S. 38. Approved February 27, 1909)

Section 1. Be it enacted by the General Assembly of the State of Indiana, That in all cases heretofore or hereafter where the State Board of (Medical) Registration and Examination has revoked the license of a physician or surgeon for any of the causes mentioned in section five of an act regulating the practice of medicine, surgery and obstetrics, providing for the issuance of licenses to practice, providing for the appointment of a State Board of Medical Registration and Examination, and defining their duties, defining certain misdemeanors and providing penalties and repealing all laws in conflict therewith, and certain acts therein specified, approved March 8, 1897, Acts of 1897, page 255, such State Board of Medical Registration and Examination upon a satisfactory showing by such physician or surgeon whose license has been revoked, shall have the power to restore such physician to his rights under his former license and permit him to practice medicine, surgery and obstetrics, as though said license had not been revoked.

Sec. 2. Whereas, there is an emergency for the immediate taking effect of this act, therefore the same shall be in force and effect from and after its passage.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

"NORWAYS" SANATORIUM, Inc.

For Nervous and Constitutional Diseases, Brain and Spinal Surgery

1820 E. Tenth St. (Facing Woodruff Park), INDIANAPOLIS, IND.

Consulting hours by appointment only from 10 to 12 a. m., 2 to 4 p. m. Visiting Hours to Patients, 3 to 5 p. m. Telephone—Old, Woodruff 1999; New 3X3.

"NORWAYS" SANATORIUM.

Is strictly a hospital for thorough research, diagnosis and treatment of the sick. The institution is composed of separate buildings, and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants and specially trained nurses. Patients suffering from all forms of **nervous and constitutional disease, both medical and surgical,** the various drug habits are accepted. **Paralytic children** and those in need of the "rest cure" are especially treated. Mental cases taken. Separate buildings for such patients.

Terms.—All charges are payable weekly, one week in advance, without exception. They range from $35 to $90 per week, depending upon necessities of treatment. Regular sanatorium rates include board, room, nursing, treatment and physicians' fees. There are no extra charges, unless a special nurse ($20 to $25 per week) is demanded. Average rate, $50 per week.

The first complete examination is $10 to $25, whether a patient remain in the institution or not.

Fees for operations depend upon special conditions and are not included above.

Outdoor patients will be charged according to the treatment employed.

Garments.—Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.

Every patient must adhere to printed rules and regulations of the sanatorium. No exception will be made to them in any case.

For further information apply to **"NORWAYS" SANATORIUM, Inc.**

MEDICAL LAW OF IOWA

Board of Medical Examiners—Examinations—Certificates.—The State Board of Medical Examiners shall consist of the physicians of the State Board of Health, and the Secretary of the Board of Health shall be secretary thereof. It shall hold regular meetings in January and July, and special ones as may be necessary, due notice thereof being given, at which it shall discharge the duties contemplated by this chapter. All examinations shall be in writing, each candidate for examination in any school of medicine being given the same set of questions covering anatomy, physiology, general chemistry, pathology, surgery and obstetrics. In materia medica, therapeutics, and the principles of practice of medicine, a set of questions shall be used corresponding to the school of medicine which the applicant desires to practice. The examination papers, when concluded, shall be marked upon a scale of one hundred, each candidate for examination first to pay to the Secretary of the Board a fee of ten dollars therefor. The average required to pass shall be fixed by the board prior to the examination. Each applicant shall upon obtaining an order for examination, receive from the secretary, a confidential number which he shall place upon his work when completed, so that the board, in passing thereon, shall not know by whom it was prepared. All matters connected therewith shall be filed with the secretary and preserved for five years as a part of the records of the board, during which time they shall be open to public inspection. If the examination is satisfactory to five members of the board, it shall issue its certificate, under its seal, signed by its president, secretary and not less than three other members, who may, in the absence of the others, act as an Examining Board, and the different schools of medicine represented in the Board of Health shall be represented in said number. The certificate, while in force, shall confer upon the holder the right to practice medicine, surgery and obstetrics, and be conclusive evidence thereof. In all examinations made or proceedings had pursuant to the provisions of this chapter, any member of the board may administer oaths and take testimony in any manner authorized by law. Any one failing in his examination shall be entitled to a second one, within three months thereafter, without further fee. If any person shall by notice in writing apply to the Secretary of the Board for an examination or re-examination, and it fails or neglects for three months thereafter to give him the same, he may, notwithstanding any provisions of this chapter, practice medicine until the next regular meeting of the board without the required certificate.—(Sec. 2576 Sup. to Code, 1907.)

Recording Certificate.—Every certificate issued under this chapter shall show whether it was granted upon examination or diploma and the school of medicine the holder practices under. He shall, before engaging in the practice of medicine, file the same for record in the office of the Recorder of the County in which he resides who shall record it in a book provided for that purpose, which record shall be open to public inspection, and for which service the Recorder may charge a fee of fifty cents, to be paid by the certificate holder. The same record must be made of the certificate in any county to which the holder may remove and in which he proposes to practice.—(See 2577 Code.)

Refusal of Certificates.—The Board of Medical Examiners may refuse to grant a certificate to any person otherwise qualified and shall revoke any certificate issued

BURN-BRAE, A Private Hospital for Mental and Nervous Diseases
CLIFTON HEIGHTS - PA.

by it to any physician, who is not of good moral character, or who solicits professional patronage by agents, or who profits by the acts of those representing themselves to be his agents, or who is guilty of fraudulent representations as to his skill and ability, or who is guilty of gross unprofessional conduct, or for incompetency, or for habitual intoxication or drug habit; or if the certificate has been granted upon false and fraudulent statements as to graduation or length of practice, the Board of Medical Examiners shall, to safeguard the public health, revoke the certificate in the manner hereinafter set forth.—(Sec. 2578 Sup. to Code, 1907.)

Revocation—Procedure.—Before the revocation of any certificate issued by the State Board of Medical Examiners the licentiate shall have been afforded an opportunity for a hearing before the board. At least twenty (20) days prior to the date set for such a hearing, the Secretary of the State Board of Medical Examiners shall cause written notice to be personally served upon the defendant in the manner described for the serving of original notice in civil actions. Said notice shall contain a statement of the charges and the date and place set for the hearing before the board. If the party thus notified fails to appear, either in person or by counsel at the time and place designated in said notice, the board shall, after receiving satisfactory evidence of the truth of the charges and the proper issuance of notice, revoke said certificate. If the licentiate appear either in person or by counsel, the board shall proceed with the hearing as herein provided. The board may receive and consider affidavits and oral statements and shall cause stenographic reports of the oral testimony to be taken, which, together with all other papers pertaining thereto, shall be preserved for two years. If five members of the board, present at the hearing, are satisfied that the licentiate is guilty of any of the offenses charged the license shall be revoked. After the revocation of a certificate the holder thereof shall not practice medicine, surgery or obstetrics in this State, for such times as the State Board of Medical Examiners may determine.—Sec. 278-a Sup. to Code, 1907; 33 G. ch. 18.)

Appeal.—Any person aggrieved by any ruling or order entered under the provisions of this act shall have the right of an appeal to the District Court in the county in which the alleged offense was committed, upon giving notice to the Board of Medical Examiners of such appeal within twenty days after the entry of such ruling, order, or judgment.—(Sec. 2578-b Sup. to Code, 1907.)

Who Deemed Practitioner.—Any person shall be held as practicing medicine, surgery or obstetrics, or to be a physician within the meaning of this chapter, who shall publicly profess to be a physician, surgeon or obstetrician, and assume the duties, or who shall make a practice of prescribing or of prescribing and furnishing medicine for the sick, or who shall publicly profess to cure or heal; but it shall not be construed to prohibit students of medicine, surgery or obstetrics, who have not had less than two courses of lectures in a medical school of good standing, from prescribing under the supervision of preceptors, or gratuitous service in case of emergency, nor to prevent the advertising, selling or prescribing natural mineral waters flowing from wells or springs, nor shall it apply to surgeons of the United States army, or navy, nor of the marine hospital service, nor to physicians or midwives who have obtained from the Board of Examiners a certificate permitting them to practice medicine, surgery, or obstetrics without a diploma from a medical school or examination by the board, nor to physicians, as defined herein, who have been in practice in this State for five consecutive years, three years of which time shall have been in one locality, nor to filling prescriptions by a registered pharmacist, nor to the advertising and sale of patent or proprietary medicines.—Sec. 2579 Code.)

Penalties.—Any person who shall present to the Board of Medical Examiners a fraudulent or false diploma, or one of which he is not the rightful owner, for the purpose of procuring a certificate as herein provided, or shall file or attempt to file, with the Recorder of any county in the State the certificate of another as his own, or who shall falsely personate any one to whom a certificate has been granted by such board, or shall practice medicine, surgery or obstetrics in the State without having first obtained and filed for record the certificate herein required, and who is not embraced in any of the exceptions contained in this chapter, or who continues to practice medicine, surgery or obstetrics after the revocation of his certificate is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than three hundred dollars, nor more than five hundred dollars, and costs of prosecution, and shall stand committed to the county jail until such fine is paid; and whoever shall file or attempt to file with the Recorder of any county in the State the certificate of another with the name of the party to whom it was granted or issued erased and the claimant's name inserted, or shall file or attempt to file with the Board of Medical Examiners any false or forged affidavit of identification, shall be guilty of forgery.—(Sec. 2580 Code.)

Itinerant Physician.—Every physician practicing medicine, surgery or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliances or methods, who, by himself, agent or employe goes from place to place, or from house to house, or by circulars, letters or advertisements, solicits persons to meet him for professional treatment at places other than his office at the place of his residence, shall be considered an itinerant physician; and any such itinerant physician shall, in addition to the certificate elsewhere provided for in this chapter, procure from the State Board of Medical Examiners a license as an itinerant, for which he shall pay to the Treasurer of State, for use of the State of Iowa, the sum of two hundred and fifty dollars per annum. Upon payment of this sum, the secretary shall issue to the applicant therefor a license to practice within the State, as an itinerant physician, for one year from the date thereof. The board may, for satisfactory reasons, refuse to issue such license, or may cancel such license upon satisfactory evidence of incompetency or gross immorality. Any person practicing medicine as an itinerant physician, as herein defined, without having procured such license, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than three hundred dollars, nor more than five hundred dollars, and costs, and shall be committed to the county jail until such fine is paid: Provided, however, that nothing herein shall be construed to prevent any physician otherwise legally qualified from attending patients in any part of the State to whom he may be called in the regular course of business, or in consultation with other physicians.—(Sec. 2581 Sup. to Code, 1907.)

Examination and Diploma Required—Registration—Fee—Temporary Permits—From and after January 1, 1899, all persons beginning the practice of medicine in the State of Iowa must submit to an examination as set forth in this chapter, and in addition thereto, shall present diplomas from medical colleges recognized as in good standing by the State Board of Medical Examiners, and all persons receiving their diplomas subsequent to January 1, 1899, shall present evidence of having attended four full courses of study of not less than twenty-six weeks each, no two of which shall have been given in any one year. The State Board of Medical Examiners shall examine the graduates of the Medical Departments of the State University of Iowa and of such other medical colleges in this State as are recognized by said Board of Medical Examiners as being in good and legal standing at the Annual Medical Commencement and at the location of said State University and other medical colleges respectively.

(a) A certificate of registration showing that an examination has been made by the proper board of any state, on which an average grade of not less than seventy-five (75) per cent was awarded, the holder thereof having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in this state, may be accepted in lieu of an examination, as evidence of qualification. But in case the scope of said examination was less than that prescribed by this state, the applicant may be required to submit to a supplemental examination in such subjects as have not been covered.

(b) A certificate of registration or license, issued by the proper board of any state, may be accepted as evidence of qualification for registration in this state, provided the holder thereof was, at the time of such registration, the legal possessor of a diploma issued by a medical college in good standing in this state, and that the date thereof was prior to the legal requirement of the examination test in this state. The fee for such examination shall be fifty dollars.

(c) Applicants for registration under the provisions of clauses "a" and "b" of this section shall make proper application upon forms furnished by the Board and file same together with the registration fee, with the Secretary of said Board. If the credentials of the applicant are complete and regular, the Secretary shall issue a temporary permit authorizing the said applicant to practice in Iowa during the period intervening between the date of filing his application and the date upon which the Board authorizes or refuses the issuance of a permanent certificate, but not more than one such permit shall be issued to the same applicant. The temporary permits herein provided for shall apply only to applicants for a certificate under reciprocal agreements with other States.—(Sec. 2582 Sup. to Code, 1907; 33 G. A. Ch. 159.)

UNPROFESSIONAL CONDUCT DEFINED

The law as it appears in Sec. 2578 of the Supplement to the Code, 1907, is hereby amended by adding thereto the following:

The words "gross unprofessional conduct" as used in this section are hereby declared to mean:

1. The procuring or aiding or abetting in procuring a criminal abortion.
2. The employment of what are popularly known as "cappers" or "steerers" in procuring practice.
3. The obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured.
4. A willful betrayal of the professional secret to the detriment of the patient.
5. Any advertisement of medical business in which untruthful and improbable statements are made.
6. Any advertisement of any kind, of any medicine or means, whereby the monthly periods of women can be regulated or the menses be re-established if suppressed.
7. Conviction of any offense involving moral turpitude.
8. Willful neglect of a patient in a critical condition.
9. Accepting any fee for service as a witness in a case at law or equity other than such as is allowed by the court, or that the court is made cognizant of.
10. The splitting or division, or agreeing to split or divide, any fee or charge paid or to be paid on account of any operation performed or to be performed, upon any patient, with any other person for service performed or agreed to be performed, or in any consideration of such other person accompanying, bringing or referring to him a patient for any treatment or operation, or on account of such other person assisting him in reference to such treatment or operation without the knowledge and consent of the patient or the person having the patient in charge or the patient's administrator or executor in the event of the patient's death.
11. Knowingly misstating the cause of a death in a death certificate, except where an exact statement would render the physician liable to suit for libel, or subject the decedent or his family to public odium.

(Chapter 214, Acts of the 35th G. A.)

Restrictions.—If, by the laws of any state or the rulings or decisions of the appropriate officers or boards thereof, any burden, obligation, requirement, disqualification or disability is put upon physicians registered in this state or holding diplomas from medical colleges in this state, which are in good standing therein, affecting the right of said physicians to be registered or admitted to practice in said state, then the same or like burdens, obligations, requirements, disqualification or disability shall be put upon the registration in this state of physicians registered in said state, or holding diplomas from medical colleges situated therein. —(Sec. 2582-a Sup. to Code, 1907.)

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

"THE RETREAT," **Des Moines, Iowa**

28th Street and Woodland Avenue

A large, quiet, homelike place for the care and cure of nervous invalids. Capacity fifty beds.

It is located in forty acres of natural timber which makes the environment delightfully comfortable at all times. It is situated between Grand Avenue and University Place, the newest and best part of Des Moines. Certainly it is a good place to rest, to get refreshed and to be entertained. Here, not only baths, massage, electricity and medicine are given, but patients live out of doors as much as possible. Carriages are supplied, gratis, in which to see the city and visit the numerous large, beautiful parks. Suitable nurses serve as companions. The Retreat raises its own vegetables and fruits, also produces its own milk in abundance.

DR. GERSHOM H. HILL, Supt. **DR. J. C. DOOLITTLE, Physician in Charge.**

Residence Phone, Drake 4871. Retreat Phone, Drake 85.

MEDICAL LAW OF KANSAS

Chapter 254, of the Session Laws of 1901, Relating to the Practice of Medicine.

An Act to Create a State Board of Medical Registration and Examination and to Regulate the Practice of Medicine, Surgery and Osteopathy in the State of Kansas, Prescribing Penalties for the Violation Thereof, and Repealing Chapter 68, of the Session Laws of 1870, as amended by Act of January, 1908.

Be it enacted by the Legislature of the State of Kansas:

Section 1. Within sixty days after the passage of this act, the Governor, by and with the consent of the Senate, shall appoint a State Board of Medical Registration and Examination, consisting of seven members, one to serve for one year, two for two years, two for three years, and two for four years, and the successors of each shall be appointed in the same manner for the term or four years, who shall be physicians in good standing in their profession, and who shall have received the degree of doctor of medicine from some reputable medical college or university not less than six years prior to their appointment, representation to be given to the different schools of practice as nearly as possible in proportion to their numerical strength in this State, but no one school to have a majority of the whole board. Each member of the board shall take and subscribe the oath prescribed by law for State officers, which oath shall be filed with the Secretary of State. The board shall organize by the selection of a president and secretary from among their own number, each to serve for one term as the board may designate, not exceeding four years. It shall have a common seal, and shall formulate rules to govern its actions. Its president and secretary shall have power to administer oaths pertaining to all matters related to the business of the board. The secretary shall furnish to said board a satisfactory bond conditioned for the faithful performance of his official duties. Said board shall hold regular meetings on the second Tuesday in February, June and October, of each year, and one other meeting at such time and place as the board may designate, in such of the chief cities of the State as the board may designate. Five members shall constitute a quorum for the transaction of all business, but no license to practice medicine and surgery shall be issued by the board upon less than five affirmative votes when the full board is present, or upon less than a majority affirmative votes when less than full board is present. The board shall keep a record of all of its proceedings, and also a register of all applicants for license to practice medicine in all of its branches within the State, together with a record showing the age of the applicant, time spent in the study of medicine, and the name and location of the institution or institutions from which the applicant may have received degrees or certificates of medical instructions; also, whether the candidate was licensed or rejected, said books and register shall be prima facie evidence of all matters recorded therein.

Sec. 2. All persons engaged in the practice of medicine on the date of the passage of this act, shall, within four months from the date of such passage, apply to the Board of Registration and Examination for a license to practice. To all such as present the following qualifications, the board shall issue a license upon payment of fee hereinafter specified: If a graduate in medicine or surgery, he shall either personally or by letter or proxy present his diploma to the State Board of Medical Registration and Examination for verification. Accompanying such diploma the applicant shall file his affidavit, duly attested, stating that the applicant is the person named in the diploma and is the lawful possessor of the same, and giving his age and time spent in the study of medicine. If the board shall find the diploma to be genuine, and from a legally chartered medical institution, in good standing, as determined by the board, and the person named therein, be the person holding and presenting same, the board shall issue its certificate to that effect, signed by its president and secretary, which, when left for record with the County Clerk of the county in which said applicant practices, as hereinafter required, shall be conclusive writing, and shall be accompanied by the fee hereinafter specified, together with the age and residence of the applicant, proof that he or she is of good moral character and satisfactory evidence that he or she has devoted not less than three periods of six months each, no two in the same twelve months, or if after April 1, 1902, four periods of not less than six months each, no two in the same twelve months, to the study of medicine and surgery. All such candidates, except as hereinafter provided, shall submit to an examination of a character to test their qualifications as practitioners of medicine or surgery, and which shall embrace all those topics and subjects a knowledge of which is generally required by reputable medical colleges of the United States for the degree of doctor of medicine; provided, that the examination in materia medica and therapeutics, and in the theory and practice of medicine, shall be conducted by those members of the board who are of the same school of practice as the applicant claims to follow; provided, further, that graduates of legally chartered medical institutions of the United States or foreign countries in good standing as determined by the board may be, at the discretion of the board, granted a license without examination; provided, further, that any graduate of a legally chartered school of osteopathy wherein the requirements for the giving of a diploma shall include a course of instruction of not less than four terms of five months each, in two or more separate years, shall be given a certificate of license to practice osteopathy upon the presentation of such diploma; provided, further, that the board may in its discretion accept, in lieu of examination or diploma, the certificate of the Board of Registration and Examination of any other State or Territory, of the United States or any foreign country whose standards of qualification for practice are equivalent to those of this State; provided, that a temporary certificate may be issued to any student of medicine, or practitioner of medicine, who is not qualified under the law upon the written request of a majority of the practitioners of medicine under this act in the county in which he or she desires to practice, or if there be no practitioners registered under this act in any county in this State, the board shall issue a temporary permit to persons as above described upon the application of the Board of County Commissioners of said county.

Sec. 3. All persons intending to practice medicine, surgery or osteopathy after the passage of this act, and all persons who shall not have complied with Section 2 of this act shall apply to said board at any regular meeting or at any other time or place as may be designated by the board for a license. Application shall be made in writing, and shall be accompanied by the fee hereinafter specified, together with the age and residence of the applicant, proof that he or she is of good moral character and satisfactory evidence that he or she has devoted not less than three periods of six months each, no two in the same twelve months, or if after April 1, 1902, four periods of not less than six months each, no two in the same twelve months, to the study of medicine and surgery. All such candidates, except as hereinafter provided, shall submit to an examination of a character to test their qualifications as practitioners of medicine or surgery, and which shall embrace all those topics and subjects a knowledge of which is generally required by reputable medical colleges of the United States for the degree of doctor of medicine; provided that the examination in materia medica and therapeutics, and in the theory and practice of medicine, shall be conducted by those members of the board who are of the same school of practice as the applicant claims to follow; provided, further, that graduates of legally chartered medical institutions of the United States or foreign countries in good standing as determined by the board may be, at the discretion of the board, granted a license without examination; provided further, that any graduate of a legally chartered school of osteopathy wherein the requirements for the giving of a diploma shall include a course of instruction of not less than four terms of five months each, in two or more separate years, shall be given a certificate of license to practice osteopathy upon the presentation of such diploma; provided further, that the board may in its discretion accept, in lieu of examination or diploma, the certificate of the board of registration and examination of any other state or territory, of the United States or any foreign country whose standards of qualification for practice are equivalent to those of this state; provided, that a temporary certificate may be issued to any student of medicine, or practitioner of medicine, who is not qualified under the law upon the written request of a majority of the practitioners of medicine under this act in the county in which he or she desires to practice, or if there be no practitioners registered under this act in any county in this state, the board shall issue a temporary permit to persons as above described upon the application of the Board of County Commissioners of said county.

Sec. 4. Upon the completion of the examination or the acceptance of the diploma or certificate as herein provided, the said board shall, if it finds the applicant qualified, grant and issue a certificate to said applicant to practice medicine and surgery or osteopathy within this State, and which shall be signed by the president and secretary and attested by the seal of the board. Within thirty days of the date of any certificate of license having been granted and issued by the board, the owner thereof shall have it recorded as hereinafter provided, in the office of the Clerk of the county in which he resides, or if a non-resident of this State, then of the county in which he has an office or intends to practice, and the date of recording shall be endorsed thereon, and until such certificate or license is recorded he shall not exercise any of the rights or privileges therein conferred. The County Clerk shall keep in a book for the purpose, a complete list of the certificates recorded by him, which book shall be open to public inspection during business hours. Between the first and twentieth days of December in each year, the County Clerk shall furnish the Secretary of the Board a list of all certificates recorded, and in force, and also a list of all certificates which have been revoked, or the owners of which have removed from the county or died during the year. The fee for the recording and reporting of such certificates shall not exceed one dollar.

Sec. 5. The fee for the issuance of a certificate to all those found qualified to practice medicine, surgery or osteopathy without examination as provided under section 2, shall be two dollars. The fee for examination shall be fixed by the board, but shall not exceed fifteen dollars. The fee for examination of diploma, or certificate from an Examining Board of another State, shall also be fixed by the board, but shall not exceed ten dollars. All moneys received by the board shall be paid by the secretary thereof into the State Treasury monthly. The compensation and actual traveling and other expenses of the board shall be paid from the Treasury of the State; provided that the total amount paid from the State Treasury under the provisions of this act shall not exceed the amount paid into the Treasury as herein provided. The compensation of the members of the board shall be six dollars for every day actually spent in the discharge of their duties. In addition to his actual traveling expenses, the secretary shall receive a salary to be fixed by the board, but it shall not exceed eight hundred dollars per annum. All of such compensation and traveling expenses shall be approved by the president and secretary of the board. It shall be the duty of said board to make a report of their proceedings to the Governor annually on or before the 15th of November, which report shall include an account of all moneys received and disbursed by them.

Sec. 6. Any person shall be regarded as practicing medicine and surgery within the meaning of this act who shall prescribe, or who shall recommend for a fee for like use, any drug, or medicine, or perform any surgical operation of whatever nature for the cure or relief of any wounds, fracture or bodily injury, infirmity or disease of other person, or who shall use the words or letters "Dr.," "Doctor," "M. D.," or any other title in connection with his name which in any way represents him as engaged in the practice of medicine and surgery, or any person attempting to treat the sick or others afflicted with bodily or mental infirmities, or any person representing or advertising himself by any means or through any medium whatsoever, so as to indicate he is authorized to or does practice medicine or surgery in this State, or that he is authorized to, or does treat the sick or others afflicted with bodily infirmities, but nothing in this act shall be construed as interfering with any religious belief in the treatment of disease: Provided, that quarantine regulations relating to contagious diseases are not infringed upon. All persons who practice osteopathy shall be registered and licensed as doctors of osteopathy as hereinbefore provided, but they shall not administer drugs or medicines of any kind nor perform operations in surgery. This act shall not apply to any commissioned medical officer of the United States army, navy, or marine service, in the discharge of his official duties, nor to any legally qualified dentist, when engaged in the legitimate practice of his profession; nor to any physician or surgeon who is called from another State or Territory in consultation with a licensed physician of this State, or to treat a particular case in conjunction with a licensed practitioner of the State, and who does not otherwise practice in the State. Nor shall anything in this act apply to the administration of domestic medicines, nor to prohibit gratuitous services; provided, any person holding a diploma issued by an optical college and who has studied the anatomy of the eye and contiguous parts, human physiology and natural philosophy for at least six months under a competent teacher and who shall pass examination satisfactory to the State Board of Medical Registration and Examination, shall be eligible to register as an "Optician" or "Doctor of Optics" and shall be otherwise governed by this act so far as the same is applicable.

Sec. 7. From and after the 1st day of September, 1901, any person who shall practice medicine and surgery or osteopathy in the State of Kansas without having received and had recorded a certificate under the provisions of this act, or any person violating any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not less than fifty dollars nor more than two hundred dollars for each offense and in no case wherein this act shall have been violated shall any person so violating receive compensation for services rendered. It shall be the duty of the Secretary of the State Board of Registration and Examination to see that this act is enforced.

Sec. 8. Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this act, or the regulations of said Board of Registration shall be deemed guilty of perjury.

Sec. 9. Chapter 68, of the Session Laws of 1870, is hereby repealed.

Sec. 10. This act shall take effect and be in force from and after its publication in the official State paper.

Approved March 1st, 1901.

Published in official State paper March 22nd, 1901.

MEDICAL LAW OF KENTUCKY

Section 1. A board to be known as the State Board of Health is hereby established. It shall consist of eight members, all of whom shall be legally qualified, registered practitioners under this act, seven of whom shall be appointed by the Governor by and with the advice and consent of the Senate, and the eighth member, who shall be the secretary and executive officer, shall be elected by the board, and by virtue of his office of secretary shall be a member of the board. One member of the board shall be a homeopathic, one an eclectic and one an osteopathic physician, and other appointed members shall be regular, or allopathic physicians, all to be appointed by the Governor from lists of three names for each vacancy, furnished respectively by the State Society or Association of such schools or systems of practice as are entitled to a member and the successors of such members shall be appointed in the same manner. If the board shall elect one of its members secretary, as it may do, the Governor shall appoint another member to complete the full number of the board. The president and secretary shall have authority to administer oaths for the purpose of this act, and the members of the board shall, before entering upon the discharge of their duties, take the oath prescribed by the Constitution for State officers.

Act of 1893

Sec. 2. It shall be the duty of the county clerk of each county to purchase a book of suitable size, to be known as the "Medical Register" of the county, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the county, he shall make a note of the same at the bottom of the page; and said clerk shall, on the first day of January in each year, transmit to the office of the State Board of Health a duly certified list of the physicians of said county registered under this law, together with such other information as is hereinafter required, and perform such other duties as are required by this law; and such clerk shall receive the sum of fifty cents for each physician so registered, which shall be his full compensation for all the duties required under this law.

Act of 1893

Sec. 4. It shall be unlawful for any person to practice medicine in any of its branches, within the limits of this State, who has not exhibited and registered in the county clerk's office of the county in which he resides his authority for so practicing medicine as herein prescribed, together with his age, address, place of birth, and the school or system of medicine to which he proposes to belong; and the person so registered shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, shall subject the affiant to conviction and punishment for perjury.

Act of 1904

Sec. 4. Authority to practice medicine under this act shall be a certificate from the State Board of Health, registered in the county in which the holder resides; and said board shall issue a certificate to any reputable physician who desires to practice medicine in this State, who has passed a satisfactory examination before it, in the branches of medicine as taught in reputable medical colleges, and said board shall

BURN-BRAE, A Private Hospital for Mental and Nervous Diseases
CLIFTON HEIGHTS - PA.

upon application, admit to examination any person of good moral character, who may possess any of the following qualifications:

1st. A diploma from a reputable medical college, legally chartered under the laws of this State.

2d. A diploma from a reputable and legally chartered medical college of some other State in this Union.

3d. Satisfactory evidence from the person claiming the same that such person was reputably and honorably engaged in the practice of medicine in this State prior to February 23, 1884.

Applicants may present their credentials by mail or proxy and shall receive due notice of the place and date of examination. Certificates shall be signed by the president and secretary, and attested by the seal of the board, and the fee for each examination, including the certificate, shall not exceed the sum of ten dollars. The members of the board shall be entitled to réceive ten dollars per day and their necessary traveling expenses for each day devoted to such examination, to be paid from the fees provided herein, and the board shall have authority to provide for such assistants as it may deem necessary and pay for the same from the fund arising from such fees.

Act of 1904

Sec. 5. Examinations shall be held at least semi-annually at Frankfort, Louisville, Lexington, or other centrally located places, and on such dates as the board may deem will best suit the convenience of applicants. The question for all examinations in the branches common to all schools or systems of practice shall be prepared by a committee of the board, to consist of five members, one of which shall be a homeopath, one an eclectic, and one an osteopath, and said committee shall conduct all examinations and grade the same, and when any applicant has made the average prescribed by law, and is so graded, the Board of Health shall admit such applicant to the practice of his or her profession in this State. All examinations shall be conducted in writing, and in such manner that the result shall be entirely fair and impartial, the applicants being known by numbers so that no memeber of the board shall be able to identify the papers of any applicant until they have been graded and the case passed upon; and all questions and answers, with the grade attached, shall be preserved for one year. All applicants examined at any one time shall have the same questions asked them in anatomy, physiology, obstetrics, and the other branches common to all systems of practice, and shall be required to make an average grade of 70, with a minimum of 60 in any one branch; but all examinations, involving methods of principles of treatment shall be made and graded by that member of the board who represents, or most nearly represents, the school or system of practice to which the applicant belongs, or the board may, in its discretion, omit the examination in such branches. No member of the board shall be a stockholder or member of the faculty or board of trustees of any medical college.

Act of 1904

Sec. 6. Any person engaged in the practice of osteopathy in this State prior to February 1, 1904, who holds a diploma from a reputable osteopathic college, having a course of not less than four terms of five months each, legally chartered under the laws of any State in this Union, as determined by the osteopathic member of the board, who makes application to the State Board of Health within ninety days after the passage of this act, accompanied by the fee hereinbefore provided, shall receive a certificate from the board without an examination, which, when registered in the office of the county clerk of the county of his residence, as required of other certificates issued by the board, shall authorize the holder thereof to practice osteopathy in this Commonwealth, but it shall not permit him to administer drugs, nor to perform surgical operations with the knife. The words, "practice of medicine," in this act, shall be held to include the practice of osteopathy. But no person shall be permitted to practice osteopathy in this Commonwealth without an osteopathic diploma and certificate as provided in this section.

Act of 1904

Sec. 7. Any other person applying for authority to treat the sick or injured, or in any way discharge the duties usually performed by physicians, whether by medical, surgical or mechanical means, shall apply to the State Board of Health, who shall examine them as to their competency in such manner as they may deem fair and best, but such examination shall always include anatomy, physiology and pathology, and the term "practice of medicine," as used in this act, shall be construed to be the treatment of any human ailment or infimity by any method; but this shall not include trained or other nurses, or persons selling proprietary or patent medicines, when not traveling as a troupe or troupes, composed of two or more persons.

Act of 1904

Sec. 8. That any itinerant medical company of two or more persons traveling as a troupe or company as vendors of any drug, nostrum or instrument of any kind, intended for the treatment of any disease or injury, or who shall, by any writing or printing, profess to the public to treat disease or deformity by the use of any drug, nostrum, or instrument, shall pay to the board a license of $100 per month, which shall be at once converted into the State Treasury. The board shall issue a license to reputable and worthy applicants under this section upon payment of the fee each month, but may for sufficient cause refuse such license. Any such itinerant vendor traveling as a company or troupe, with two or more persons as members or in its employ, who shall treat or profess to treat or cure diseases or injuries by the use of any drug, nostrum, or instrument without license to do so, or shall sell the same for such purpose, in violation of this section, shall, upon conviction, each and every person so engaged, be fined fifty dollars for the first offense, and upon each subsequent conviction shall be fined one hundred dollars.

Act of 1893

Sec. 9. Nothing in this law shall be construed as to authorize any itinerant doctor to register or to practice medicine in any county in this State.

Act of 1893

Sec. 10. Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit women from practicing midwifery, or to prohibit gratuitous services in case of emergency; nor shall this law apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, or ot legally qualified physicians of another State, called to see a particular case or family, but who does not open an office or appoint any place in this State where he or she may meet patients or receive calls.

Act of 1904

Sec. 11. The State Board of Health may refuse to issue the certificate provided for in this act for any of the following causes:

1st. The presentation to the board of any license, certificate or diploma which was illegally or fraudulently obtained, or the practice of fraud or deception in passing the examination.

2d. The commission of a criminal abortion, or conviction of a felony involving moral turpitude.

3d. Chronic or persistent inebriety, or addiction to a drug habit, to an extent which disqualifies the applicant with safety to the people.

4th. Or other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public.

The board may suspend or revoke a certificate for any of the causes for which it may refuse to grant a license under the provisions of this act. In all proceedings for suspension or revocation under this act the holder of the certificate shall be furnished with a copy of the complaint, and shall be given at least thirty days thereafter to prepare for a hearing; and he shall be heard in person or by counsel, or both, as he may elect, and in such hearing and in all matters arising in the course of their duties, the president and secretary shall have authority to administer oaths; and in such hearing the board may take oral or written proof for and against the complaint, as it may deem will best present the facts. In all cases of refusal, suspension, or revocation, the applicant or holder may appeal to the Governor, who may affirm or overrule the decision of the board. Upon the suspension or revocation of any certificate, it shall be the duty of the board to give official notice of such action, under seal, to the county clerk of the county in which the holdre is registered, and such name shall be marked as suspended for the period indicated, or stricken from the register, in accordance with such notice, and if such holder shall continue to practice he shall thereupon be subject to the penalties provided in the law to which this act is an amendment.

Act of 1904

Sec. 12. This act shall take effect and be in force in accordance with the provisions of the Constitution, but it is expressly provided that all certificates issued by the board under the provisions of the law to which this is an amendment, are hereby confirmed and continued in force, and all students who are matriculated in any medical or osteopathic college in this Commonwealth, on or before February 1, 1904, and shall have graduated prior to September 1, 1907, and make application to the board prior to January 1, 1908, shall receive certificates without examination. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Act of 1893

Sec. 13. It shall be the duty of the State and local boards of health to bring to the attention of the courts any violations of the provisions of this law within their respective jurisdictions.

Act of 1898

Sec. 14. Any person living in this State, or any person coming into this State, who shall practice medicine, or attempt to practice medicine in any of its branches, or who shall treat or attempt to treat any sick or afflicted person by any system or method whatsoever, for reward or compensation, without first complying with the provisions of the law, shall, upon conviction thereof, be fined fifty dollars and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, or each or both, in the discretion of the court or jury trying the case; and in no case where any provisions of this law has been violated shall the person so violating be entitled to receive any compensation for the services rendered. To open an office for such purpose, or to announce to the public in any way a readiness to treat the sick or afflicted shall be deemed to engage in the practice of medicine within the meaning of this act.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

MEDICAL LAW OF LOUISIANA

An Act to Regulate the Practice of Medicine, Surgery and Midwifery, in the State of Louisiana; to create State Boards of Medical Examiners and provide for the method of appointment of members thereof and to regulate the fees and emoluments thereof; to prevent the practice of medicine, surgery and midwifery by unauthorized persons; to provide for the trial and punishment of violators of the provisions of this Act by fine and imprisonment, or both; to provide for the enforcement of this Act by Civil process, through injunction and by penalties; to regulate examinations to be held under this Act and to authorize State Boards in certain cases to waive said examinations; to provide for the registry of certificates issued under the provisions of this Act and for publication of the list of registered physicians of this State and regulating the effect thereof; to authorize said Boards to grant certain powers to the members thereof; to regulate the expenditures and revenues of said boards; to authorize said boards to take proceedings for the revocation of the permit to practice medicine or midwifery and to enumerate the grounds on which such proceedings may be instituted; to define the practice of medicine in this State; to provide for exemptions from the operation of this Act; and to provide that prosecution pending under existing laws on the subject matter of the same shall not be affected by the passage of this Act.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That from and after the promulgation of this Act, no person excepting those already engaged under existing laws in the practice of medicine, surgery, midwifery, osteopathy, and dentistry, shall practice medicine in any of its departments within the State of Louisiana, unless such person shall possess all the qualifications required by this Act.

Sec. 2. Be it further enacted, etc., That after the promulgation of this Act, any person before entering upon the practice of medicine in any of its branches, dentists and osteopaths excepted, shall present to one of the Boards of Medical Examiners, as hereinafter constituted, a diploma from a college in good standing, of any sect teaching medicine or the healing art, and shall stand a satisfactory examination before the Board upon the following branches, to-wit: Anatomy, physiology, chemistry obstetrics, gynecology, physical diagnosis, surgery, pathology, materia medica, theory and practice of medicine, and hygiene, provided that any person not using internal medication in his or her practice shall be exempt from examination in materia medica. The person shall also satisfy the Board that he or she is twenty-one years of age of good moral character and possesses a fair education. If said diploma and examination are satisfactory to said Board they shall issue to such person a certificate in accordance with the facts. Said Board, however, is authorized at its discretion, to waive said examination in favor of any applicant who shall present to the Board a satisfactory certificate of examination from a Board of Medical Examiners of another State! provided, however, that said Board created under this Act shall have found that said Board of Medical Examiners of another State has a standard of requirements satisfactory to the said Board created under this Act! the said Board created under this Act to be the sole judge as to the sufficiency of the standard required of the certificates issued by said Board of another State.

Sec. 3. Be it further enacted, etc., That the medical examiners herein provided for shall consist of two boards—one of physicians and surgeons recommended by the Louisiana State Medical Society, which Board shall be known as the Louisiana State Board of Medical Examiners, and one of physicians and surgeons recommended by the Hahnemann Medical Association of Louisiana, which shall be known as the Louisiana Homeopathic State Board of Medical Examiners. There shall be five members of each board, any three of whom shall constitute a quorum for all purposes including holding of examinations and granting certificates. All the members of both boards shall be graduate physicians and practitioners.

The Board composed of physicians and surgeons recommended by the Louisiana State Medical Society shall examine all applicants who propose to practice any other than the homeopathic system of medicine, and the Board composed of physicians and surgeons recommended by the Hahnemann Medical Association of Louisiana shall examine all applicants who propose to practice the homeopathic system of medicine. The certificate of either Board shall be conclusive proof of the efficiency of the applicant examined by said Board. All examinations held by the Boards and the answers of the applicants shall be in writing, and shall be kept as records for a period of two years. All members of said Board shall be appointed by the Governor of the State from lists of names presented by the Louisiana State Medical Society and the Hahnemann Medical Association of Louisiana, respectively, and the Governor shall have the right to remove any or all of the members thereof for inefficiency or neglect of duty, and to fill all vacancies occurring in these Boards from names recommended by their respective societies provided that the present members of each of the State Boards shall continue in office until the end of their present respective terms and until their successors shall have been appointed.

Sec. 4. Be it further enacted, etc., That at the expiration of the respective terms of the present members of the Boards of Medical Examiners under existing laws and thereafter, each member of the Boards of Medical Examiners shall be appointed by the Governor for the term of six years.

Sec. 5. Be it further enacted, etc., That all persons beginning the practice of midwifery in this State after the passage of this Act shall appear before one of the State Boards of Examiners and submit to such examination in midwifery as the Board shall require, and shall pay to the Board for such examination, the sum of $10.00. If such examination is satisfactory, the Board shall issue a certificate the same as provided for midwives in practice at the time of the passage of this Act, which certificate shall be registered as in the manner provided for midwives in practice at the time of the passage of this Act; but for such registration with the Secretary of the State Board of Health, or with the Clerk of the District Court, the holder of said certificate shall be required to pay a fee of fifty cents only. This section does not apply to the so-called midwife of rural districts and plantation practice, who in the sense of this Act, are not considered as practicing midwifery as a profession, neither shall it apply to persons practicing midwifery legally in accordance with now existing laws.

Sec. 6. Be it further enacted, etc., That each Board of Medical Examiners is authorized to select such officers and frame and adopt such Rules and By-Laws as may be necessary for the efficient operation of such Board. Each Board may provide that the examination required in Section 5 of said Act, as a prerequisite to the practice of midwifery may be conducted by one member of said Board of Examiners, and the certificates of satisfactory examination issued by such member shall entitle the holder to be authorized by the President and Secretary of said Board to practice midwifery in this State; and may also provide that any member of said Board may make any affidavit necessary to the issuance of any injunction or other legal process authorized under this Act. Each Board shall have its seal and the president and secretary of the respective Boards shall be empowered to administer oaths in the taking of testimony upon any matter appertaining to the duties of said Board.

Sec. 7. Be it further enacted, etc., That the regular meetings of the Boards shall be held at least twice in each year in the City of New Orleans, but a special meeting of either Board may be called by the president thereof, anywhere in the State whenever a majority of such Board, or its president, may deem it expedient; the call to be issued by the secretary.

Sec. 8. Be it further enacted, etc., That to prevent delay and inconvenience, one member of a Board of Medical Examiners, may grant a permit to any applicant after a satisfactory examination, and shall report thereon to the Boards at the next regular meeting; such temporary permit shall not continue in force longer than until the next regular meeting of the Boards, but such temporary permit shall in no case be granted within six months after the applicant has been refused a certificate by the Boards.

Sec. 9. Be it further enacted, etc., That the certificates issued in accordance with Section 2 of this Act shall be recorded in the office of the Clerk of the District Court of the parish in which he or she resides, who shall make this recordation in a book to be kept for that purpose only, and also certify to such recordation by an endorsement of the original certificate, which the holder thereof shall transmit or deliver to the State Board of Health; and the clerk recording the same shall be entitled to a fee of one dollar. Such certificate transmitted or delivered to the State Board of Health shall entitle the holder to be placed on the list of registered physicians and surgeons, the publication of which is hereafter provided for. Said Board of Health shall preserve such certificates, and a copy thereof, signed by its secretary, shall be received as evidence in the courts of this State, and for such copy a fee of fifty cents shall be paid. Until such recordation is made, the holder of such certificate shall not exercise any of the rights or privileges therein conferred to practice medicine.

Sec. 10. Be it further enacted, etc., That it shall be the duty of the State Board of Health to publish annually in the official journal of the State (and if there is no such journal, in one of the daily newspapers published in the City of New Orleans) a list of the registered physicians and surgeons in the State and their residences, and such published list shall be received in evidence by the courts of this State as proof that the physicians and surgeons therein named are duly registered as required by law, and the said State Board of Health is hereby required to strike from said list the name of any person whose certificate may have been revoked by the State Boards of Medical Examiners, as herein provided for.

Sec. 11. Be it further enacted, etc., That the members of said Boards of Medical Examiners shall receive, as a compensation for their services, ten ($10.00) dollars per day during their session and, in addition thereto, their hotel and traveling expenses by the most direct route to and from their respective places of residence, to be paid out of any moneys in the treasury of the Boards upon the certificates of the president and secretary. The Boards are empowered to demand a fee of one ($1.00) dollar for the issuing of each certificate. The fee for examination shall be twenty-five ($25.00) dollars. If the applicant passes a satisfactory examination no other fees shall be charged against him for the issuance of the certificate provided for in Section 2 of this Act. The fee for temporary permits shall be ten ($10.00) dollars to be paid into the treasury of the Boards, said fee to be credited to the applicant when he applies to the Boards for a permanent certificate.

Sec. 12. Be it further enacted, etc., That any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or who may by writing, print or other methods, profess to cure or treat disease or deformity by any drug, nostrum, manipulation, or other expedient in this State, shall if found guilty, be fined in any sum not less than twenty ($20.00) dollars and not exceeding one hundred ($100.00) dollars for each offense, to be recovered in an action of debt, before any court of competent jurisdiction, or shall be imprisoned for a term of not less than ten (10) days or more than thirty (30) days, or be both fined and imprisoned.

Sec. 13. Be it further enacted, etc., That any person shall be regarded as practicing medicine within the meaning of this Act who shall append the letters M. D. or M. B. to his or her name, or shall prescribe, direct, or apply, or shall profess or publicly advertise that he prescribes, directs or applies for the alleged purpose of treating, curing or relieving any bodily or mental disease, infirmity, deformity, defect, ailment or injury in any person other than himself, any drug, instrument, or force, whether physical or psychic, or of whatever nature, or any other agency or means, or who shall examine any such person for such purposes; whether such drugs, instrument, force or other agency or means is to be applied or used by the patient or by any other person; and whether such prescribing, directing, or applying, be for compensation of any kind or be gratuitous; and any officer or agent, or employe or member of any corporation, association or partnership which does or professes or publicly advertises that it does examine for, cure, treat, or relieve such diseases, ailment, deformities, defects, injuries or infirmities, in any of the modes mentioned in this section shall be regarded as practicing medicine under the provisions of this Act.

This provision shall not apply to farmers or planters when treating without compensation their families, employes, or tenants exclusively, or to attendants and plantation midwives; or to opticians fitting glasses, or testing eyes in their own establishments, or to water-cure establishments. Nothing in this Act, however, shall be construed to prohibit the practice of Christian Science or the religious tenets of any church whatsoever.

Sec. 14. Be it further enacted, etc., That said Louisiana State Board of Medical Examiners through its proper officer, may cause to issue in any competent court a writ of injunction forbidding and enjoining any person from practicing medicine in any of its departments in this State, until he shall have first obtained the certificate or permit herein provided for and under the provisions of this Act; and said injunction shall not be subject to being released upon bond.

In the same suit in which said injunction may be applied for, the said Board through its president aforesaid, may sue for and demand of the defendant a penalty not to exceed one hundred dollars, and in addition thereto attorney's fees not to exceed fifty dollars, besides the costs of court; judgment for which penalty, attorney's fees and costs may be rendered in the same judgment in which the injunction may be made absolute.

The trial of said proceeding by injunction shall be summary, and be tried by the judge without intervention of a jury.

Sec. 15. Be it further enacted, etc., That any person practicing medicine or midwifery in any of its departments in this State without first having obtained the certificates or permit herein provided for or contrary to the provisions of this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than $50.00 or more than $100, or by imprisonment in the parish jail for a period of not less than ten days, or more than ninety days, or by both fine and imprisonment for each offense. It shall be the duty of the respective District Attorneys to prosecute violators of the provisions of this Act, before any Court of competent jurisdiction. The said fine shall be divided equally between the public school fund of the parish in which said offense may have been prosecuted, and the State Board of Medical Examiners.

Sec. 16. Be it further enacted, etc., That if any person legally practicing medicine or midwifery in this State shall be convicted of a crime or shall commit any act of gross unprofessional misconduct, either of the State Boards shall have the power to institute proceedings for the purpose of having the certificate or permit held by such person revoked, and if it shall be shown that such physician or midwife has been convicted of a crime or has done an act of gross unprofessional misconduct, the court shall have the power to revoke the certificate or permit held by such person.

Sec. 17. Be it further enacted, etc, That any practitioner of medicine, in any of its departments, failing to comply with the requirements of this Act, shall not be exempt from jury or military duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in any court in this State, nor execute any certificates as a physician or surgeon, nor to hold any medical office, nor to be recognized by the State or parish or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges, rights or exemptions granted to physicians or surgeons by the laws of this State.

Sec. 18. Be it further enacted, etc., That this Act shall not apply to any commissioned surgeon of the United States Army, Navy or Public Health Service, practicing in the discharge of his official duty as such; to physicians or surgeons of other States or Territories in actual consultation with a registered physician of this State; or to any physician actually practicing in this State, before the passage of this Act and in accordance with then existing laws.

Sec. 19. Be it further enacted, etc., That the said Boards shall report to the prosecuting officers of the State of Louisiana all persons violating the provisions of this Act. They shall report, annually, to the Governor, of this State upon the condition of the practice of medicine in the State, its recommendations for the improvement of the practice, as well as a record of the proceedings of the Board during the year, together with the names of all physicians or surgeons to whom the said Board shall have issued certificates during the year, in accordance with the provisions of Section 2 of this Act.

Sec. 20. Be it further enacted, etc., That it shall not be lawful for the said Boards of Medical Examiners or any member thereof, in any manner whatever or for any purpose, to charge or obligate the State of Louisiana for the payment of any money except as provided for in Act 44 of the Acts of 1882, relative to the publication of registered physicians, etc., and the said Boards shall look alone to the revenue derived from the operation of this Act for the compensation designated in Section 11 of this Act. And if said revenue is not sufficient to pay each member in full, as per Section 11, then the amount thus received shall be pro-rated among the members. But if at the end of the year, there should be a greater revenue derived than sufficient to defray the expenses of the Boards at all their sessions for the year, as provided in Section 7, such surplus may be used by said Boards in such other expenditures as they may deem necessary. The said Boards of Medical Examiners shall have the right to employ counsel to carry out the provisions of this Act and that the fees of such counsel and the cost for all proceedings taken under the provisions of this Act, except the criminal prosecutions, shall be payable exclusively out of the revenues, including penalties under the provisions of this Act.

Sec. 21. Be it further enacted, etc., That nothing in this Act shall be construed as applying to the practice of osteopathy or dentistry, or as affecting, or changing existing laws on these subjects.

Sec. 22. Be it further enacted, etc., That no Acts or parts of Acts shall be considered repealed by this Act unless same are contrary to or in conflict with this Act.

Sec. 23. Be it further enacted, etc., That this Act shall not apply to offenses committed prior to the adoption hereof, but all such offenses shall be prosecuted and punished as is now provided by such laws.

Sec. 24. Be it further enacted, etc., That in the event that any provision or part of this Act shall be questioned in any court and shall be held to be invalid, the remainder of this Act shall not be invalid but shall remain in full force and effect.

Sec. 25. Be it further enacted, etc., That this Act will take effect from and after the date of its passage.

Approved July 1st, 1914.

MEDICAL LAW OF MAINE

Chapter 18 Revised Statutes. Registration of Physicians and Surgeons.

Section 9. The Governor, with the advice and consent of the Council, shall appoint a Board of Registration of Medicine consisting of six persons, residents in the State, who shall be graduates of a legally chartered medical college or university having authority to confer degrees in medicine, and who shall have been actively engaged in the practice of their profession for a period of five years. Two persons, qualified as aforesaid, shall be appointed members of said board on or before the first day of July of every alternate year after the first day of July, 1895, to hold office for six years from the first day of July following said appointment. No member of said board shall belong to the faculty of any medical college or university. Any vacancy in said board shall be filled by the appointment of a person, qualified as aforesaid, to hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause, by the Governor, with the advice and consent of the council.

Sec. 10. The members of said board shall meet on the second Tuesday of July of each alternate year after the year 1895, at such time and place as they may determine, and shall elect a chairman and secretary who shall hold their respective offices for the term of two years. The said board shall hold regular meetings, one in March, one in July and one in November of each year, and such additional meetings at such times and places as it may determine. Said board shall cause a seal to be engraved and shall keep correct records of all its proceedings, and may make such minor rules and regulations as it shall deem necessary for the successful enforcement of its authority and the performance of its duties.

Sec. 11. Any person shall, upon the payment, of a fee of fifteen dollars, be entitled to examination, and if found qualified by a majority of the members of the board present shall be registered as a physician or surgeon, and shall receive a certificate thereof under the seal of the board, and signed by the chairman and secretary, which shall state the facts and must be publicly displayed at the person's principal place of business as long as said person continues such practice for gain or hire. Any person refused registration may be re-examined at the regular meeting of said board, within two years of the time of such refusal, without additional fee and thereafter may be examined as often as he may desire upon payment of the fee of fifteen dollars for each examination. All fees received by the board hereunder shall be paid by the secretary thereof into the treasury of the State once in each month.

Sec. 12. The board shall examine all applicants for registration as licensed physicians or surgeons. Each applicant shall, at least seven days before the date of his examination, present to the secretary of the board an application under oath or affirmation, containing satisfactory proof that said applicant is twenty-one years of age, of good moral character and a graduate of some reputable medical school or college in good standing, having power to confer degrees in medicine, and maintaining a standard of preliminary education and of medical instruction approved by the board, which said standard shall at least require that the applicant for admission to said medical school or college shall present to said school or college, before beginning the study of medicine therein, the diploma of a high school or equivalent school having a course of study requiring an attendance through four school years, or a certificate of having passed a satisfactory examination before the State Superintendent of Schools, or like State officer, in the studies embraced in the curriculum of such high school or other equivalent school. He shall also present such other facts as the board in its blank application may require, and must pay the fees provided in the preceding section. Examinations shall be in whole or in part in writing and shall be of a thorough and practical character. They shall embrace the general subjects of anatomy, physiology, pathology, bacteriology, sanitation, chemistry, materia medica and therapeutics, surgery, the principles and practice of medicine, obstetrics, and such branches of medical science as the board may deem necessary for the applicant to be versed in. The board may make such rules and regulations as may be necessary for reciprocity of licensure with the boards of other States which maintain a standard of education at least equal to their own; but no such rules shall become operative until they have been approved by a Justice of the Supreme Judicial Court.

Sec. 13. The board shall keep a record of the names and residences of all persons registered hereunder and a record of all moneys received and disbursed by said board, and said records or duplicates thereof shall always be open to inspection in the office of the Secretary of State during regular office hours. Said board shall annually on or before the first day of January in each year, make a report to the Governor, containing a full and complete account of all its official acts during the preceding year, also a statement of its receipts and disbursements and such comments or suggestions as it may deem essential.

Sec. 14. The board, its members or agents shall investigate all complaints, and all cases of non-compliance with or violation of the provisions of this chapter relating to the registration of physicians and surgeons, and shall bring all such cases to the notice of the proper prosecuting officers. Said board, after a conviction before a proper court, for crime in the course of professional business, of any person to whom a certificate has been issued by them, and after hearing, may by vote of two-thirds of the entire board revoke the certificate and cancel the registration of the person to whom the same was issued. Said board may also suspend or revoke any certificate by a two-thirds vote of the entire board, in any case where such certificate has been wrongfully obtained or for any fraud connected with the said registration.

Sec. 15. Unless duly registered by said board, no person shall practice medicine or surgery, or any branch thereof, or hold himself out to practice medicine or surgery or any branch thereof for gain or hire within the State, by diagnosing, relieving in any degree, or curing, or professing or attempting, to diagnose, relieve or cure, any human disease, ailment, defect or complaint, whether physical or mental, or of physical or mental origin, by attendance, or by advice, or by prescribing or furnishing any drug, medicine, appliance, manipulation, method, or any therapeutic agent whatsoever or in any other manner, unless otherwise provided by statute of this State. Unless duly registered by said board, no person shall prefix the title "Doctor" or the letters "Dr.," or append the letters "M. D.," to his name, or use the title of doctor or physician in any way, excepting that any member of the Maine Osteopathic Association may prefix the title "Doctor" or the letters

"Dr.," to his name, when accompanied by the word "Osteopath." Whoever not being duly registered by said board practices medicine or surgery, or any branch thereof, or holds himself out to practice medicine or surgery, or any branch thereof in any of the ways aforesaid, or who uses the title "Doctor" or the letters "Dr." or the letters "M. D." in connection with his name, contrary to the provisions of this section, shall be punished by a fine of not less than one hundred, nor more than five hundred dollars for each offense, or by imprisonment for three months, or by both fine and imprisonment; the prefixing of the title "Doctor" or the letters "Dr." or the appending of the letters "M. D." by any person to his name, or the use of the title of doctor or physician in any way by any person not duly registered as hereinbefore described, shall be prima facie evidence that said person is holding himself out to practice medicine or surgery contrary to the provisions of this section; provided, that nothing herein contained shall prevent any person who has received the doctor's degree from any reputable college or university, other than the degree of "Doctor of Medicine" from prefixing the letters "Dr." to his name, if he is not engaged, and does not engage, in the practice of medicine or surgery, or the treatment of any disease or human ailment.

Sec. 16. The seven preceding sections shall not apply to commissioned officers of the United States army, navy or marine hospital service, or to a physician or surgeon who is called from another State to treat a particular case and who does not otherwise practice in this State, nor to prohibit gratuitous service or the rendering of assistance in emergency cases; nor to clairvoyants or persons practicing hypnotism, magnetic healing, mind cure, massage, christian science, osteopathy, or any other method of healing or prescribing, if no poisonous or dangerous drugs are employed nor surgical operations performed; provided, such clairvoyants and other persons do not violate any of the provisions of the preceding section in relation to the use of "M. D.," "Dr." or the title of doctor or physician.

Sec. 17. The compensation, incidental and traveling expenses of the board shall be approved by the board, audited by the State Auditor and paid from the State Treasury, provided, that the amounts so paid shall not exceed the amount received by the Treasurer of State from the board in fees as herein specified, and so much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board as aforesaid.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

PATAPSCO MANOR SANITARIUM

ELLICOTT CITY, MARYLAND

Dr. W. Rushmer White, Supt.

Long Distance Telephone. C. & P., Ellicott City 16

Baltimore Office: 23 Central Savings Bank Building

Where the Superintendent may be seen
any time by appointment

PATAPSCO MANOR SANITARIUM is a private home devoted exclusively to the care of **Drug, Alcoholic, Nervous and Mild Mental Cases,** along the most modern and approved lines of professional and scientific treatment, each patient receiving direct personal care and attention of physician and nurses. An ideal place for persons run down by overwork to recuperate.

LOCATION

Located at Ellicott City, popularly known as the Switzerland of Maryland, on one of the highest points of Howard County, overlooking the magnificent Patapsco Valley, noted for its rugged picturesqueness of scenery; the sweeping view commands three adjacent counties of Maryland, and the altitude insures a permanently abundant supply of pure, health-giving air, so necessary in the treatment of these cases.

BUILDINGS

The large, commodious main building of stone is of pleasing architecture and contains spacious and airy rooms, into which natural light has free and easy access.

Independent of and a short distance from the main building a large, modern cottage and also a modern bungalow have been erected for the purpose of maintaining and perfecting that eminently desirable classification of patients, so essential to successful sanitarium treatment.

GROUNDS

The buildings are situated in the midst of a beautiful private park of fifty-five acres and are equipped with every modern convenience.

Great care has been observed in developing all things which pertain to the patient's health and comfort. The purest of artesian well water is of constant supply, and special attention is given to the diet of the individual patient. A large garden provides an abundance of fresh vegetables and fruit.

RECREATION

Amusements have been provided for the diversion and relaxation of the brain, such as tennis courts, croquet lawns and a well-equipped billiard-room, which offer an ever-present allurement. This estate is particularly well adapted to pleasant and invigorating outdoor exercise, and its magnificent panoramic view, its delightful hills and vales, its bracing air, all induce the patient to enter spontaneously into that systematic outdoor branch of successful sanitarium treatment which is so practically beneficial and to which we devote much attention.

ACCESS AND RATES

The estate is conveniently located, being within ten minutes' drive of Ellicott City, which may be reached via B. & O. Railroad or by trolley from Baltimore. Carriages will meet all trains and trolleys upon request.

The rates are as reasonable as is consistent with careful, individual attention, and the superintendent will furnish such information as may be desired.

ESTABLISHED 1891

THE RICHARD GUNDRY HOME
HARLEM LODGE

CATONSVILLE, - - BALTIMORE, MD.

Is conducted for the care and treatment of Nervous and Mental Diseases. Special attention given to Alcohol and Drug Habits.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. POLK & CO. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

MEDICAL LAW OF MARYLAND

As Codified in Bagby's Annotated Code of 1911, Article 43, Title "Health," Sub-Title "Practitioners of Medicine," as Modified by Chapter 658, Acts of 1914, and Chapter 230, Acts of 1916.

Section 107. All persons now practicing medicine and surgery, or who shall hereafter begin to practice medicine and surgery in any of their departments, except dentistry, in the State of Maryland, shall possess the qualification required by this sub-title.

Sec. 108. From and after the first Tuesday in June, 1892, there shall be and continue to be two separate Boards of Medical Examiners for the State of Maryland—one representing the Medical and Chirurgical Faculty of the State of Maryland, and one representing the Maryland State Homeopathic Medical Society of the State of Maryland. The members of said respective boards in office on the eleventh day of April, 1902, shall continue to hold and exercise their respective offices up to the first Tuesday in June, 1902. On the first Tuesday in June, 1902, said two Boards of Medical Examiners shall be reorganized, and thereafter said boards shall be constituted as follows: Each of said boards shall consist of eight members, who shall be selected by the Medical and Chirurgical Faculty of the State of Maryland and the Maryland State Homeopathic Medical Society, respectively, at the annual meetings of said respective societies; and each appointee is immediately after his election to be furnished with a certificate thereof by the society electing him. Each such member of said respective boards, except those elected in the year 1902, shall serve for four years, or until his successor is appointed and qualified. At their respective annual meetings held in the year 1902, each of said aforementioned societies shall elect the full number of eight examiners for its respective board, of whom two shall be elected for four years, two for three years, two for two years, and two for one year, and thereafter two examiners shall be elected by each society in each year, as hereinbefore provided, to serve for a term of four years, or until their successors are appointed and qualified, the outgoing members to be eligible for re-election. The terms of office of all members so elected shall begin on the first Tuesday in June, in the year in which they shall be respectively elected; each board is to have the exclusive right to examine, pass upon the qualifications of and license its own applicants. The examiners shall be physicians actually engaged in the practice of medicine or surgery in the State of Maryland, and of recognized ability and honor. No member of any medical college or university, who passes upon the qualifications of graduates of any medical school shall be eligible to serve as a member of either of said boards. In case of a vacancy occurring in either of said boards, the board in which such vacancy shall occur shall fill the same until the next annual meeting of the Medical and Chirurgical Faculty, or the Maryland State Homeopathic Medical Society, according as the board in question may be the representative of one or other of said societies, when said society shall elect an examiner to serve for the remainder of such unexpired term.

Sec. 109. Each of said boards shall, at its meeting on the first Tuesday in June of each year, appoint a secretary-treasurer for the board, whose term of office shall last for one year, and who shall be eligible for re-appointment and whose duties shall be as follows: Within sixty days from the time of his appointment by his respective board, it shall be the duty of the Clerk of the Circuit Court of Baltimore City and the Clerk of the Circuit Court for each county in the State to furnish the secretary-treasurer of each board a list of all physicians who have been legally registered in such court. To all those physicians who have at that time been practicing in the State without having been legally registered said secretary-treasurer shall send a printed notice of the section of this article relating to the duty of the police commissioners in Baltimore City and the sheriffs of the counties of the State under this law. Within four months of the time of his appointment he shall see that all physicians entitled to register have been registered and that the names of all those who are not entitled to be registered under this sub-title have been presented for prosecution to the State's Attorney of the City of Baltimore and of each county in the State in which the accused respectively, reside. Those physicians, who, being entitled to register under this sub-title, yet have failed to comply at the expiration of this time—four months from the election of the secretary-treasurer of the board—shall also be prosecuted, and no one after the eleventh day of April, 1902, shall be allowed to practice medicine or surgery without being duly registered according to the provisions of this sub-title. The secretary-treasurer shall keep the official records of the board for which he is secretary, as provided for in Section 110 of this sub-title, the examination papers of applicants for at least three years, after they have been passed upon by the board, after which they are to be destroyed, and a complete list of all registered physicians in the entire State. He shall call to the attention of the State's Attorneys of Baltimore City and of the different counties throughout the State all violations of the law under this sub-title. He shall collect and hold all moneys belonging to the board, for which he shall give bond to the State of Maryland in the sum of $1,000, the same to be held by the president of the board. He shall receive from the income of the board such salary as his respective board may determine.

Sec. 110. Each Board of Medical Examiners shall meet on the first Tuesday in June in each year for the purpose of reorganization. At said first meeting of said respective boards each of said boards shall effect an organization by the election from its own membership of a president, and shall also appoint a secretary-treasurer, as otherwise provided in this sub-title. For the purpose of examining applicants for license, each of said boards of medical examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public at such time and places as may be determined by the members thereof, respectively. At said stated or special meeting a majority of the members of the board shall constitute a quorum thereof. Each of said Boards of Medical Examiners shall keep an official register of all applicants for examination for a license to practice medicine and surgery in this State; said register for license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this sub-title; but such matters shall not be written in said register or made public until after the examination.

Sec. 111. At the first meeting of an Examining Board, or at a stated or special meeting held subsequently, suitable provision shall be made by each of the Examining Boards to prepare a schedule of examination upon anatomy, physiology, medical chemistry, surgery, practice of medicine, materia medica, therapeutics, obstetrics and pathology, and the same standard of excellence shall be required from all candidates. In the department of therapeutics and practice the question shall be in harmony with the tenets of the school selected by the candidate; the standard of requirements therein to be established by each board for itself. Whenever members of any board are necessarily absent from meeting held for the examination of applicants for licenses, suitable temporary provision shall be made for thorough examination in each and all of the aforesaid subjects by members present. The examination shall be fundamental in character. The votes of all the examiners present shall be "yes" or "no," written with their signature upon the backs of the examination papers of each candidate for the respective branches.

Sec. 112. All persons, except physicians who were practicing medicine in this State prior to the first day of January, 1898, who are now practicing medicine or surgery and can prove by affidavit that within one year of said date said physician had treated in his professional capacity at least twelve persons, who shall commence the practice of medicine or surgery in any of their branches after the eleventh day of April, 1902, shall make a written application for license to the president of either Board of Medical Examiners which said applicant may elect, accompanied by satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States or a diploma or license conferring the full rights to practice all the branches of medicine and surgery in some foreign country; said diploma, if from a college in the United States, must have been conferred by a legally incorporated college having entrance requirements and a standard of education as defined by the Association of American Medical Colleges or the Intercollegiate Committee of the American Institute of Homeopathy, respectively; provided, that this requirement shall not apply to any physician who shall, prior to the eleventh day of April, 1902, have practiced outside of this State for at least three years, and who shall have been duly registered or licensed in the place where he has so practiced; provided further, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirements; provided also, that in the case of students who, on April 11, 1902, shall be in their second year in a medical college, a three years' course of study, or attendance on three courses of lectures delivered in different years, shall satisfy said requirements. Proof of the qualification of applicants as above shall, if required, be made by affidavits at the time of the making of said application and payments of fee as provided. The president of the board to whom such application shall have been made, if satisfied with the same, shall direct the secretary-treasurer thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said board the president thereof shall grant to such applicant a license to practice medicine and surgery in the State of Maryland. If the president of either Board of Medical Examiners shall have refused any application, either for want of the qualifications necessary to entitle such applicant to an examination, as hereinbefore provided, or for want of proficiency of such applicant upon being subjected to an examination, then the president of neither of said boards shall entertain or pass upon a subsequent application from said applicant until after the expiration of six months from the rejection of said previous application. The respective boards are authorized to license without examination, applicants who present proper certificates of proficiency and professional standing at the time of application issued by the National Board of Medical Examiners or Boards of Medical Examiners of the District of Columbia and of other States, the requirements of which are of as high a standard as those governing the Boards of Medical Examiners of this State; provided such boards of such States or District grant the same privileges to licentiates of the Examining Boards of Maryland; such applicants, however, being still required to furnish the same proof of qualifications required of other applicants by this section. Medical students, at the end of their second year of study, who have, as verified by the certificate of the dean of the college which they have attended, completed the studies of anatomy, physiology, medical chemistry and materia medica in said college, shall on application be examined in such studies by the State licensing board, the result of said examination to be considered as part of the final examination, the full regular fee to be paid at this time, no part thereof to be returned, but placed to their credit for the remainder of the examination yet to be taken. Medical students who have, as verified by the certificate of the dean of the college which they have attended, completed a full four years' course of studies and lectures, but who have not yet received their diplomas, shall upon application be examined in all the branches enumerated in Section 111 of this Article by the State licensing board, the final certificate and license of the said board being withheld until the diploma of the proper medical college, with the candidate's name inscribed, be produced to the secretary of the board. Diplomas presented by graduates of foreign colleges may be accepted if the standards of such foreign colleges were, when such diploma was issued, equivalent to the standard defined by the Association of American Medical Colleges or the Intercollegiate Committee of the American Institute of Homeopathy, respectively.

Sec. 113. Any physician who may change his residence from the District of Columbia to the State of Maryland, or who while living in the District of Columbia shall desire to practice medicine or surgery in the State of Maryland shall, upon application to the Examining Board of the State of Maryland, be entitled to a license without fee and without examination; provided, that the application be properly endorsed at the time it is presented by the Examining Board of the District of Columbia, certifying to the proficiency and professional standing of the applicant; and provided, further, that the Examining Board of the District of Columbia shall, under the laws thereof, grant like and equal privileges to licensed physicians of this State who may remove to said District of Columbia, or while continuing to reside in this State may desire also to practice in said district.

Sec. 114. All examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the Board of Examiners until his examination papers have been graded. An applicant receiving a majority of the votes of the board before whom the applicant appears shall be considered to have passed a satisfactory examination and entitled to the license of said board.

Sec. 115. A fee of twenty dollars shall be paid to the secretary-treasurer of the board, before whom the applicant appears, before such examination is had, which payment shall entitle said applicant to a second examination, in case of failure, at the expiration of six months and within twelve months thereafter; said fee to be applied by said board toward paying the expenses of said board.

Sec. 116. The board shall refuse to grant a license to any applicant who may be radically deficient in his examination in any essential branch; provided, that in any case of failure at any such examination, the candidate shall not be permitted to take another examination before either board until after the expiration of six months from the date of his rejection; provided, however, that any applicant who has heretofore, during the previous year before the eleventh day of April, 1902, or who shall hereafter so fail, shall be credited as having passed in such branches as he has or shall have been found proficient in, and he shall not be again examined in said subjects.

Sec. 117. Every license to practice medicine and surgery, issued pursuant to the provisions of this sub-title, shall be subscribed by the president and secretary of the board before whom the applicant has passed; it shall also have affixed to it by the person authorized to affix the same, the seal of said Medical and Chirurgical Faculty of Maryland, or of the Maryland State Homeopathic Medical Society, as the license may require; every such license to be in the following form and to the following effect:

To all whom it may concern, greeting:

Be it known that, ———, on the ——— day of ———, A. D., having offered us satisfactory proof that ——— was more than twenty-one years of age, and had received a proper preliminary education; we therefore give a written order for the examination; we therefore give a written order for the examination of said ——— before one of the Boards of Medical Examiners of the State of Maryland; that the said ——— was fully examined before our said board and found proficient and qualified to practice medicine and surgery; we, therefore, have granted to said ——— this our license to practice medicine and surgery in the State of Maryland as a physician and surgeon, and have caused the names of the president and secretary of our board to be subscribed and the seal of our society affixed hereto.

Witness our hands and the seal of our said society, this ——— day of ———, A. D. ———, president; ———, secretary.

(Seal of society.)

Sec. 118. Any person receiving a license from either of said boards shall file the same at once with the Clerk of the Circuit Court of the county, in which he or she may reside, or with the Clerk of the Circuit Court of Baltimore City, if said person shall reside therein, and it shall be the duty of said clerk to register the name of said person and of the president of the board signing said license in a book kept for the purpose, as a part of the records of his office; and the number of the book and the page therein containing said recorded copy shall be noted by said clerk upon the face of said license. In case said person should, after the recording of such license, permanently remove his or her residence to some other part of the State, or to Baltimore City, he or she shall thereupon at once file said license, or certified copy thereof, for record as aforesaid, with the Clerk of the Circuit Court the county or city to which he or she shall have so removed; said records shall be opened to public inspection under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the records of conveyances of lands. The fees for such registration shall be fifty cents, to be paid by the person whose license is registered. The Clerk of the Superior Court of Baltimore City is authorized and directed to turn over to the Clerk of the Circuit Court of Baltimore City the register or registers of licensed physicians which he has been required to keep under and by virtue of the said chapter 612 of the acts of 1902.

Sec. 119. Any person to whom the provisions of this sub-title applies, practicing or attempting to practice medicine or surgery in this State, without first having obtained the license of one of said Boards of Medical Examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than fifty dollars nor more than two hundred dollars for each offense, or in default of payment shall be confined in the city or county jail until the fines and costs are paid, and shall be debarred from recovering compensation for services rendered as such physician or surgeon.

Sec. 120. Said boards shall make a report to the Medical and Chirurgical Faculty of Maryland and the Maryland State Homeopathic Medical Society, respectively, at each annual meeting of said respective societies.

Sec. 121. Said board shall upon request issue certificates of professional standing to physicians moving out of the State.

Sec. 122. From and after the first day of July, 1894, no person shall practice medicine or surgery in the State of Maryland, unless he or she shall be duly registered as a physician or surgeon, in accordance with the provisions of this sub-title of this article.

Sec. 123. Every person who was practicing medicine in the State of Maryland on or before the first day of June, 1892, shall be entitled to be registered as a physician or surgeon, or both, upon making application to the president of either Board of State Medical Examiners, which application shall be in writing and verified by the oath of said applicant, taken before any officer entitled to administer oaths under the law of this State, and shall state that the applicant was a duly qualified lawful practitioner of medicine, in good standing, actually engaged in the practice of such profession in said State, on or before said first day of June, 1892. And upon receiving said application, and being satisfied of the truth of said statement therein contained, said president of such board shall issue or endorse his permit for such applicant to be registered upon a copy of such application, which permit shall also be countersigned by the secretary of said board; and any president of such board to whom such application is addressed may, in his discretion, make inquiry, and examine witnesses under oath, or receive other evidence as to the truth of the statements contained in such application for a permit to be registered; and if the president of either of such Boards of Medical Examiners shall act upon such application, and shall refuse the same, then no president of the other of said boards shall entertain or act upon any application of such applicant for such permit. And upon the presentation of a permit to be registered, signed by the president, and countersigned by the secretary of either of said Boards of Medical Examiners, to the clerk of the county where such applicant may reside, or to the Clerk of the Circuit Court of Baltimore City, if said applicant shall reside in Baltimore City, it shall be the duty of the said clerk to register such applicant and permit, and the name of such applicant as physician or surgeon, or both, in a book to be kept for such purpose, and a certified copy of such entry of registration under the seal of the court, shall be legal evidence of such registration in all the courts of the State; provided, however, that the provisions of this sub-title shall not apply to those practicing medicine in the State of Maryland prior to June, 1892, and who registered as practitioners of medicine prior to July, 1894.

Sec. 124. All persons who have commenced to practice medicine or surgery in the State of Maryland since the first day of June, 1892, or who shall hereafter commence to practice medicine or surgery in this State, shall not be entitled to be registered in the registry of physicians and surgeons, as required by law, except upon filing with the Clerk of the Circuit Court of the county or city in which he or she shall reside, a license from one of the duly constituted Boards of Medical Examiners of this State, in accordance with the terms of Sections 117 and 118, except that physicians and surgeons who have come into this State since said first day of June, 1892, or who shall hereafter come into this State to follow the practice of medicine and surgery, may receive a license, which shall entitle them to be registered as physicians and surgeons, in accordance with law, upon application to one of the duly constituted Boards of Medical Examiners, in accordance with the provisions of Section 125 of this sub-title.

Sec. 125. Physicians and surgeons of good moral and professional standing who shall hereafter come into this State with intent to follow the practice of medicine and surgery within this State, being graduates of a medical college or university of good standing, or having a certificate or license from a Board of Medical Examiners of any State where the requirements for practice are equal to those required by the board named in this sub-title, may make application to the president of either Board of Medical Examiners of this State, which application shall be made under oath, and shall state when and how long such applicant has been engaged in the practice of medicine and surgery, and from what medical college, university or other institution of learning he or she has graduated. And thereupon the Board of Medical Examiners shall have the authority and discretion to require applicants to undergo an examination, in accordance with provisions of Sections 110 to 116, inclusive, or may require said applicant to submit to a special examination, the terms and methods of which shall be prescribed by the Board of Medical Examiners, and upon paying the fee for examination, as set out in Section 115. After the examination and determination of said board, thereupon, that said applicant is qualified to practice medicine and surgery and that he is entitled to a license, a license shall be issued to him to the same effect as the form of license set out in Section 117, which license shall be filed and recorded as provided by Section 118; and it shall then be the duty of the clerk of the court to register the name of the person so licensed as physician or surgeon, or both, in accordance with the provisions of this sub-title.

Sec. 126. All persons whose licenses have been heretofore filed and recorded in accordance with Section 118 shall be held to be duly registered physicians and surgeons within the provisions of Section 123, and all persons who shall hereafter receive and file licenses, to be recorded in accordance with said Section 118, shall be registered as physicians and surgeons under said section, and the fee to be paid for such registration and for the registration of the application to the clerk, or the license therewith, as the case may require, shall be one dollar.

Sec. 127. If any person shall unlawfully obtain and procure himself to be registered as physician or surgeon, either by false and untrue statement contained in his application to the clerk of the court, as required by this sub-title, or by presenting to said clerk a false or untrue license, or one fraudulently obtained by false and fraudulent statements made to one of said Boards of Medical Examiners, he or she shall be deemed guilty of a misdemeanor, and shall be fined not less than fifty dollars nor more than five hundred dollars, and shall forfeit all rights and immunities obtained or conferred upon him by virtue of such registration as physician or surgeon.

Sec. 128. Any person who after the first day of July, 1894, shall practice or attempt to practice medicine or surgery in this State, without being registered in accordance with the provisions of this sub-title, shall be guilty of a misdemeanor, and shall be fined not less than ten dollars nor more than two hundred dollars for each offense.

Sec. 129. Any citizen of Maryland having information which causes him to believe that any person has been heretofore wrongfully and improperly registered as physician or surgeon, or both, upon his application to the clerk of any court may apply, by petition, to the Circuit Court of the county wherein such registration was made, or to the City Court of Baltimore City, if such registration was in Baltimore City, which petition shall be under oath, and shall state that the petitioner is informed and believes that the person named herein has been heretofore improperly and wrongfully registered as physician or surgeon, or both, upon his own application and affidavit upon the register of physicians or book kept for such purpose in any court of this State, for the reason (as said petitioner is empowered) that such person was not lawfully practicing medicine in the State of Maryland as a duly qualified practitioner of medicine in said State entitled to be registered as a physician or surgeon upon his own application to the clerk of said court; and that said petitioner prays that the name of such person shall be struck from the registry of physicians aforesaid. Upon the filing of such petition the court or one of the judges thereof shall pass an order requiring the person therein alleged to be wrongfully or improperly registered to answer the same, under oath, on or before a date to be named within thirty days from the date of such order, and to show cause, if any there be, why the prayer of such petition should not be granted, which order shall be served upon said last named person; and if said petition shall not be answered within the time named, as aforesaid, or if the answer thereto shall be adjudged insufficient by the court, then the court shall pass an order directing that the name of such person alleged to be wrongfully or improperly registered shall be stricken from the registry of physicians or surgeons where the same shall have been registered; but if said petition shall be answered by the defendant, being the person against whom it is exhibited by an answer under oath, fairly and fully denying the allegations of said petition, the issues thus raised shall be heard and determined by the court, and either party may be entitled to a jury trial before a jury of the regular panel empanelled to try common law cases in said court; and the defendant shall be competent and compellable to testify at such hearing, and upon such hearing the court shall render judgment with costs against the unsuccessful party. And if it shall determine that said defendant was not practicing medicine in the State of Maryland on or before the date of June 1, 1892, not being a lawful practitioner of medicine in said State, on or before said date, it shall pass an order directing the name of said defendant to be stricken from the registry of physicians or surgeons, or both, which order shall be certified by the clerk of the court wherein said defendant was registered, and he shall thereupon strike his name from said registry. But the decision upon such petition shall have no force and effect in any criminal prosecution under this sub-title.

Sec. 130. Any person shall be regarded as practicing medicine within the meaning of this sub-title who shall append to his or her name the words or letters "Dr.," "Doctor," "M. D.," or any other title in connection with his name, with the intent thereby to imply that he or she is engaged in the art of science of healing, or in the practice of medicine in any of its branches, or who shall operate on, profess to heal, prescribe for, or otherwise treat any physical or mental ailment or supposed mental ailment of another, or who shall for hire or for any gratuity or compensation, either directly or indirectly to him or her paid, undertake by any appliance, operation or treatment of whatever nature, to cure, heal or treat any bodily or mental ailment or supposed ailment of another; or who for any hire, gratuity or compensation, either directly or indirectly to him or her paid, by or for any patient, shall undertake to treat, heal, cure, drive away or remove any physical or mental ailment, or supposed ailment of another, by mental or other process, exercised or invoked on the part of either the healer or the patient, or both; but nothing herein contained shall be construed to apply to gratuitous services, nor to any resident or assistant resident physicians or students at hospitals in the discharge of their hospital or dispensary duties, or in the office of physicians, or to any physician or surgeon from another State, Territory or District in which he resides when in actual consultation with a legal practitioner of this State; or to commissioned surgeons of the United States Army, or Navy, or marine hospital service, or opticians or chiropodists, or to midwives, or to masseurs, or other manual manipulators who use no other means; nor shall the provisions of this sub-title apply to physicians or surgeons residing on the borders of a neighboring State, and duly authorized under the laws thereof to practice medicine or surgery therein, whose practice extends into the limits of this State; provided, that such practitioners shall not open an office or appoint places to meet their patients or receive calls within the limits of this State without complying with the provisions of this sub-title; provided, that the same privileges be accorded to licensed physicians of this State; provided, further, that nothing in this sub-title shall annul any of the provisions of Article 32, title "Dentistry," nor shall apply to any registered graduate of dental surgery now practicing in the said State of Maryland, with the sign titles: Dentist, suregon dentist, dental surgeon or stomatologist; and provided, further, that nothing herein contained shall be so construed as to prevent or in any way make unlawful or interfere with the sale by manufacturing, wholesale or retail druggists, or any persons dealing drugs or medicines of any proprietary or patent medicine or any official or standard drug or medicine.

Sec. 131. It shall be the duty of the police commissioners of Baltimore City, and of the sheriff of each county in the State, to see that all practicing physicians in the State shall be legally registered according to the provisions of this sub-title, and to report to the State's Attorney of the city or county all cases of the violation of the provisions of this sub-title.

Sec. 132. It shall be the duty of the secretary of either or both of said State Boards of Medical Examiners to inquire into all violations of law under this article and to institute all proceedings or prosecutions thereof, and all expenses incurred by any secretary of either of such boards hereunder shall be allowed and paid out of the funds acquired by or belonging to said boards, respectively.

Sec. 133. The said Board of Medical Examiners shall have full control over the expenditures and disposition of the funds collected from the fees and charges authorized to be made under the terms of this sub-title, and shall fix and allow such compensation as they may deem proper for service rendered in the performance of the duties required by this sub-title by members of said board or others, with the full power also to allow and discharge all proper expenses of said board, and any surplus, to dispose of as said board may deem for the advantage of the practice of medicine in this State.

Sec. 134. Any person practicing or attempting to practice medicine under the name of any other person, whether that person be a resident of this State or not, or whether he or she be deceased or not, or any person acting under the name of and as agent of any other person, in the capacity of a practitioner of medicine or surgery, shall be guilty of a misdemeanor, and upon conviction by any court having criminal jurisdiction shall be punished by imprisonment in the city or county jail for not less than thirty days nor more than one year, or by a fine of not less than twenty dollars nor more than five hundred dollars, or both, in the discretion of the court, for each offense.

Sec. 135. Either Board of Medical Examiners of this State may, by a vote of five members, revoke any license which it has issued, and may cause the name of any physician licensed by said board to be removed from the register of the licentiates of the city or county where it may be recorded for any of the following causes, to wit: The use of fraud or deception in passing the examination provided in this sub-title, habitual drunkenness, criminal abortion, conviction of crime involving moral turpitude or unprofessional or dishonorable conduct. Before proceeding to revoke any such license, the person against whom complaint is made shall be furnished with a copy of the complaint and charges made against him, and shall be given an opportunity for a hearing before the board, in person or by attorney, and at such hearing testimony may be offered for and against the accused. The action of the board shall be reduced to writing, stating also the reasons for said action, and a copy thereof shall be delivered or mailed to the person against whom complaint is made; within sixty days after said notice of revocation of license shall have been delivered or mailed to any person, said party shall have the right of appeal to the Circuit Court of the city or county wherein he may reside, the judge or judges of which said court shall fully hear and determine all matters connected with the action of said board from which appeal is taken, and the decision of said court shall be final; should no such appeal be taken within sixty days, or should said appeal result in the affirmation of the action of said board, the Clerk of the Circuit Court or Courts where said license so revoked shall have been recorded shall, upon due notice from the secretary-treasurer of said board, strike off the name of said party from the list of licensed practitioners recorded upon said register. At any time within two years from the revocation of any license, the board revoking the same may, by a vote of five members, issue without examination a new license to the person whose license was so revoked; but after the expiration of two years such person can obtain a new license only by compliance with the same requirements which are imposed on other applicants for licenses under this sub-title.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

MEDICAL LAW OF MASSACHUSETTS

(Revised Laws, Chapter 76, Sections 1-9.)

Section 1. There shall be a Board of Registration in Medicine consisting of seven persons, residents of this commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been for ten years actively employed in the practice of their profession. No member of said board shall belong to the faculty of any medical college or university, and no more than three members thereof shall at one time be members of any one chartered State Medical Society. One member thereof shall annually in June be appointed by the Governor, with the advice and consent of the council, for a term of seven years from the first day of July following.

Sec. 2. Said board shall hold regular meetings on the second Tuesday of March, July and November in each year, and additional meetings at such times and places as it may determine. At the regular meeting in July, it shall organize by the choice of a chairman and secretary who shall hold their offices for the term of one year. The secretary shall give a bond to the treasurer and receiver general in the penal sum of five thousand dollars, with sufficient securities to be approved by the Governor and council, for the faithful performance of his official duties.

Sec. 3. Applications for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. Applicants for registration under this Act, who shall furnish the board with satisfactory proof that they are twenty-one years of age or over, and of good moral character, and that they have received the degree of doctor of medicine, or its equivalent, from a legally chartered medical school having the power to confer degrees in medicine, shall, upon the payment of a fee of twenty dollars, be examined, and if found qualified by four or more members, shall be registered as qualified physicians, and shall be entitled to certificates in testimony thereof signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled within one year after such refusal to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee; but two such re-examinations shall exhaust his privilege under his original application. Said board, after hearing, may by unanimous vote revoke any certificate issued by it and cancel the registration of any physician who has been convicted of a felony or of any crime in the practice of his profession. The board may subsequently, but not earlier than one year thereafter, by a unanimous vote, reissue any certificate formerly issued by it or issue a new certificate, and register anew any physician whose certificate was revoked and whose registration was cancelled by the board. All fees received by the board shall, once in each month, be paid by its secretary into the treasury of the commonwealth.

Sec. 4. The secretary of the Board of Registration in Medicine shall receive a salary of twenty-five hundred dollars a year, and other members of said board shall each receive a salary of three hundred dollars a year.

Sec. 5. The board shall keep a record of the names of all persons registered hereunder, and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the secretary of the commonwealth. Said board shall annually, on or before the first day of January, make a report to the Governor of the condition of medicine and surgery in this commonwealth, of all its official acts during the preceding year and of its receipts and disbursements.

Sec. 6. The board shall investigate all complaints of the violation of the provisions of Section 8, and report the same to the proper prosecuting officers.

Sec. 7. Examinations shall be wholly or in part in writing in the English language, and shall be of a scientific and practical character. They shall include the subjects of anatomy, surgery, physiology, pathology, obstetrics, gynecology, practice of medicine and hygiene, and shall be sufficiently thorough to test the applicant's fitness to practice medicine.

Sec. 8. Whoever, not being lawfully authorized to practice medicine within this commonwealth and registered as aforesaid, holds himself out as a practitioner of medicine, or practices or attempts to practice medicine in any of its branches, or whoever practices medicine or surgery under a false or assumed name, or under a name other than that by which he is registered, or whoever personates another practitioner of a like or different name, shall, for each offense, be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months, or by both such fine and imprisonment. In a case in which a provision of this or the preceding section has been violated, the person who committed the violation shall not recover compensation for services rendered.

Sec. 9. The provisions of the eight preceding sections shall not be held to discriminate against any particular school or system or medicine, to prohibit medical or surgical service in a case of emergency, or to prohibit the domestic administration of family remedies. They shall not apply to a commissioned medical officer of the United States army, navy, or marine hospital service in the performance of his official duty; to a physician or surgeon from another State who is a legal practitioner in the State in which he resides, when in actual consultation with a legal practitioner of this commonwealth; to a physician or surgeon residing in another State and legally qualified to practice therein, whose general practice extends into the border towns of this commonwealth, if such physician does not open an office or designate a place in such towns where he may meet patients or receive calls; to a physician authorized to practice medicine in another State, when he is called as the family physician to attend a person temporarily abiding in this commonwealth; nor to registered pharmacists in prescribing gratuitously, pharmacists, clairvoyants, or persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science or cosmopathic method of healing, if they do not violate any of the provisions of Section 8.
